TO THAT ingenuous soul who after perusal of this volume asketh its theme, we reply "Knowledge." In the manner of the typical collegian we have chosen to lay this ILLIO against a background of knowledge. The world is our province. Do we not reply to the satiric inquisitor that the pursuit of knowledge is our raison d'etre? Call this standardized answer what you will; it is probably the truth. We need not look far for our exemplars. The following few pages are devoted to all those men who have attained heights in the pursuit of knowledge at which most of us shall never do more than gaze in awe and wonder. But if, in our four year quest, we shall have learned to appreciate truly what lies behind their words of learned length and thundering sound, we shall have taken the first step along the road.

The prime function of the University of Illinois is to prepare young men and women of the State for citizenship in the large sense—life in human society. The University seeks to preserve the democratic ideals of this nation's founders through the provision of public higher education for the many. It strives to assist Democracy through the training of leaders. So-called extra-curricular activities in college may be useful in the development of our future leaders, but a thoroughly educated citizenry is the most important factor. Illinois, therefore, honors scholarship! You may partially repay the State, which makes possible this training for leadership, by making the most of your educational opportunities.

MERLE J. TREES

# *TO THE*
# STUDENTS OF ILLINOIS

THE EDITOR of the ILLIO has asked me to extend a word of greeting to the students of the University on behalf of the Board of Trustees.

Sixty years ago, in March of 1868, the University of Illinois, with a faculty consisting of Regent Gregory and two professors, opened its doors to fifty young men. During the first term, another instructor was added, and twenty-seven more students. It would have been an easy matter, if one had been there, to have extended greetings to the whole student body individually. Now, the registration approaches thirteen thousand. As I cannot greet you all in person, much as I should like to, I am glad of this opportunity to write a word of greeting to you.

The University of Illinois is peculiarly an experiment in democracy. It is an opportunity given by the people to the people of the state. It is not interested in making any person to be or to appear better or wiser than any other person—but if it shall have made a few of its thousands better and wiser than *they* were before, it will have been a success.

Merle J. Trees

President Board of Trustees

*New Commerce Building*

# THE COLLEGE OF COMMERCE AND BUSINESS ADMINISTRATION

*Charles Manfred Thompson, '09, Dean of the College of Commerce and Director of the Bureau of Business Research, was born in Fairfield, Illinois, on November 10, 1877. On completing his undergraduate work here, he went to Harvard University, where he studied in 1910-11, returning to the University of Illinois in 1912 as an instructor in economics. He continued his graduate work here, receiving his Ph.D. the next year. Since that time he has been serving continuously on the faculty, accepting his present position in 1919.*

DEAN CHARLES M. THOMPSON

THE aim of the College of Commerce is to develop power in sound thinking rather than facility in technique. The College is not interested in teaching students how to sharpen their business tools; it is interested, however, in teaching them how to make tools when, after they leave College, they meet up with tasks for which they have no tools.

To put the matter in yet another way, the aim of the College of Commerce is to give its students a liberal education with a bias toward business. This it does by requiring them to major in economics, accounting, business administration, and business law, by offering a variety of subject groups from which students may select according to their individual needs, and by permitting a rather liberal choice of elective courses.

Chas M Thompson

*Chemistry Building*

DEAN KENDRIC C. BABCOCK

# THE COLLEGE OF LIBERAL ARTS AND SCIENCES

KENDRIC CHARLES BABCOCK, *Dean of the College of Liberal Arts and Sciences, was born in South Brookfield, New York, on September 8, 1864. He studied at the University of Minnesota and at Harvard, completing his work there in 1896. On leaving Harvard, he became an assistant professor at the University of California, which position he left to accept the presidency of the University of Arizona in 1903. From 1910 to 1913 he served as a specialist in higher education on the United States Bureau of Education, accepting his present position at the end of that time.*

THE College of Liberal Arts and Sciences was founded in 1913 by the union of the former College of Liberal Arts with the contemporary College of Science. Since that time the Colleges of Commerce and Education and the School of Journalism have arisen from former departments of this College. It is still the largest of the Colleges, not only in the number of its students, but also in the size of its faculty. Its nineteen separate departments and its affiliation with the other Colleges and Schools of the University offer the student a general education.

The College offers special curricula in Chemistry and in Chemical Engineering, as well as pre-professional courses in preparation for journalism, law, and medicine. The College provides, moreover, instruction in its several departments for students registered in other Colleges to such an extent that it may well be considered the general service school of the University.

Kendric C. Babcock

*New Agriculture Building*

# THE COLLEGE OF AGRICULTURE

HERBERT WINDSOR MUMFORD, *Dean of the College of Agriculture, was born in Moscow, Michigan, on February 26, 1871. He received his education at the Michigan Agricultural College, from which he was graduated in 1891. Returning to his alma mater in 1895, he served as an instructor and assistant in the Agricultural Experiment Station, attaining his full professorship in 1899. In 1901 he became Professor of Animal Husbandry at the University of Illinois, and since that time has been here continuously, serving in his present capacity since 1922.*

DEAN HERBERT W. MUMFORD

AVERY large part of the population of Illinois lives in what may properly be called a rural environment. It is the duty and privilege of the College of Agriculture to train men and women for successful achievement in such an environment.

It is the aim of the College to make available to its students, through systematic instruction, the discoveries of science and the experiences of the best farmers of all time. Through experiment, investigation and research the Agricultural Experiment Station is constantly discovering new knowledge which is put into teachable form for the benefit of students and farmers.

The College is also interested and primarily concerned with the training of men and women who, because of their education, will be able and willing to render a greater service to the world.

H. W. Mumford

*Physics Building*

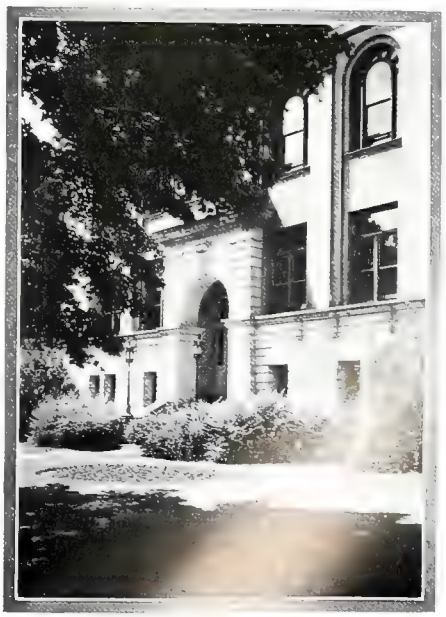

DEAN MILO S. KETCHUM

# THE COLLEGE OF ENGINEERING

*Milo Smith Ketchum, '95, Dean of the College of Engineering, was born in Burns, Illinois, on January 26, 1872. Since finishing his undergraduate work, he has been constantly connected with universities, except for two brief periods. In 1897-9 he served as bridge and structural engineer for the Gillett-Herzog Manufacturing Company, and in 1903-4 was with the American Bridge Company in Kansas City. Before assuming his present position in 1922, he served in similar capacities at the University of Colorado from 1905 to 1919, and at the University of Pennsylvania in 1919-20.*

THE College of Engineering has ten departments of instruction and offers fourteen specialized curricula. No institution in America has done more to promote research in engineering science than the University of Illinois. Wherever engineering is practiced, the Engineering Experiment Station is known for its valuable contributions to knowledge. The Station has published 174 bulletins and 16 circulars. Numerous manuscripts presenting the recent results of investigations have been accepted for publication. Over eighty investigations are in progress at the present time, the completion of some of which will be of tremendous importance to members of the engineering industries.

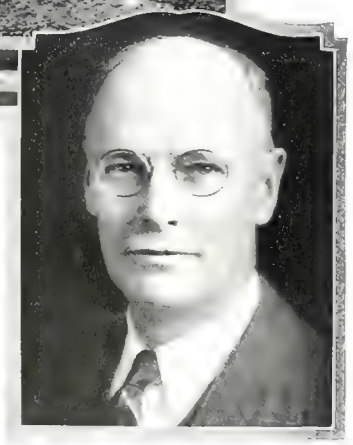

M. S. Ketchum

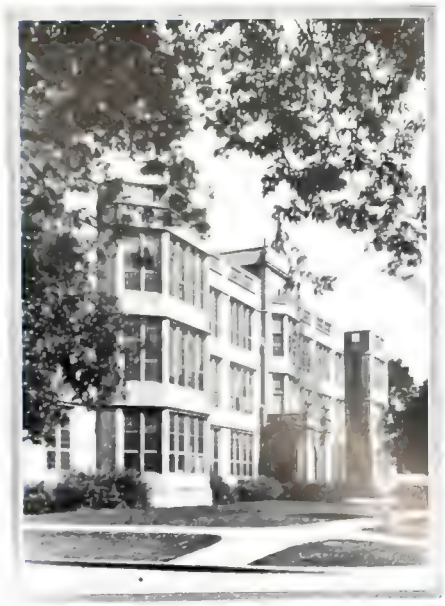

*University High School*

# THE COLLEGE OF EDUCATION

*Charles Ernest Chadsey, Dean of the College of Education, was born in Nebraska City, Nebraska, on October 15, 1870. He studied at Leland Stanford University and later at Columbia University, where he finished in 1897. In 1907 he became Superintendent of Public Schools in Denver. In 1912 he accepted the same position in Detroit, and in March, 1919, became Superintendent of the Public Schools of Chicago. He left Chicago later in the same year to accept his present position.*

DEAN CHARLES E. CHADSEY

THE College of Education has as its special function the training of individuals expecting to go into some kind of professional educational work. The types of educational work especially emphasized are High School Teaching, Supervision, and Educational Administration. While many types of educational preparation must include graduate study, the fundamental courses for the more advanced work are offered by the College of Education. Curricula are offered leading to the degrees of Bachelor of Science, in General Education, Physical Education and Athletic Coaching, Agricultural Education, Industrial Education, and Music Education.

Charles E. Chadsey.

*Law Building*

DEAN ALBERT J. HARNO

# THE COLLEGE OF LAW

ALBERT JAMES HARNO, *Dean of the College of Law, was born in Holabird, South Dakota, on January 30, 1889. He graduated from Dakota Wesleyan University in 1911, and three years later received his LL.B., magna cum laude, at Yale University. He practiced in Los Angeles until 1917, when he became Dean and Professor at Washburn College of Law in Topeka, Kansas. In 1919 he went to the University of Kansas as Professor of Law. He has served here as Professor of Law since 1921, and as Dean since 1922.*

THE primary purpose of the College of Law is to educate students for the practice of law, to develop professional character and to inspire an appreciation of the duties and responsibilities of a lawyer as a member of society. A further purpose is to train a limited number of students for law teaching. Only the stronger students are encouraged to enter into this important work, for of their number principally will come the future legal scholars and writers and they will shape the thinking of others. It is a recognized purpose of the Law School to promote legal scholarship and research. Finally it is the purpose of this College to train students for public service. It is a well known fact that most public men are recruited from the ranks of those who have been legally trained.

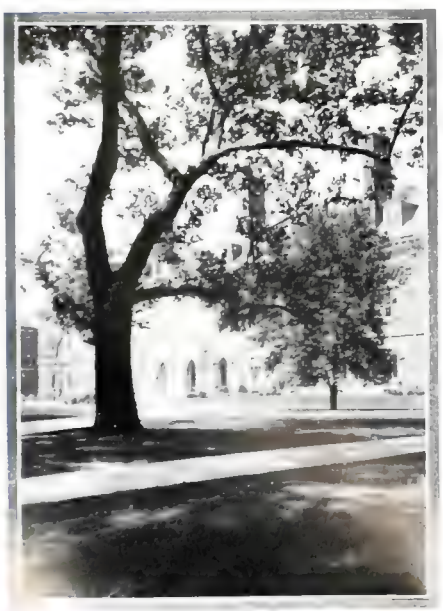

*New Library Building*

# THE LIBRARY SCHOOL

PHINEAS LAWRENCE WINDSOR, *Director of the University Library and the Library School, has spent twenty-six years in library work. He was graduated from Northwestern University in 1895, and studied at the New York State Library School from 1897 to 1899. On leaving there he began his active work as assistant New York State librarian, but changed to the copyright office of the Library of Congress in 1900. In 1903 he became Librarian of the University of Texas, serving there until 1909, when he accepted his present position.*

DIRECTOR PHINEAS L. WINDSOR

THE University Library not only supplies many volumes for class use by our large number of students, but also gives to our graduate students and to members of the faculty the use of the uncommon or rare books so often required in their advanced work. We have no large Reference Library in our immediate neighborhood, consequently we must provide in our own library all the printed resources that we need. The library staff organizes our more than 650,000 volumes for effective use.

The Library School is a professional school for the training of librarians, and admits only college graduates to its curriculum. Students come to it from every part of the country and occasionally from foreign countries, and its graduates are in libraries similarly located. The number, resources, and educational value of libraries in America are steadily increasing and this condition creates an increased demand for college trained librarians.

P. L. Windsor

*Smith Memorial Hall*

# THE SCHOOL OF MUSIC

DIRECTOR FREDERIC B. STIVEN

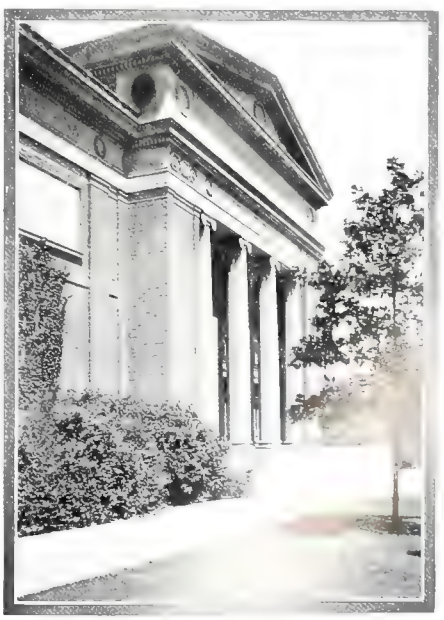

FREDERIC BENJAMIN STIVEN, *Director of the School of Music, was born on July 17, 1882, at Ionia, Michigan. He received his B.Mus. at Oberlin College in 1907, and for two years remained there as an instructor in organ. From 1909 to 1911 he studied in Paris under Alexander Guilmant and Charles Marie Widor. He returned to Oberlin in 1911 as a Professor of Organ and held that position until 1921, when he became Professor of Music and Director of the School of Music at the University of Illinois.*

THE School of Music occupies Smith Memorial Hall, the erection of which was made possible through generous gifts to the University by Captain Thomas J. Smith. The building contains, besides the studios, classrooms and offices, some fifty practice rooms, and a Recital Hall seating over a thousand people. The equipment includes sixteen grand pianos, forty upright pianos, four two-manual practice organs, and a large three-manual organ built by the Skinner Company of Boston.

The students enrolled in the School of Music follow a prescribed curriculum which includes four years' work in a major applied music subject; four years of a minor applied music subject; complete courses in Theory and History of Music; and various academic required and elective subjects.

Most of the musical activities on the campus are sponsored by the School of Music. It contributes in many ways to the cultural life of the University, and stands ready to serve any who are interested in the art.

Frederic B. Stiven

*New Pharmacy Building*

# THE SCHOOL OF PHARMACY

*William Baker Day, Dean of the School of Pharamacy, was born in Peru, Illinois, on February 15, 1871. He attended the Chicago College of Pharmacy, where he received his Ph.G. in 1892. Since that time he has been constantly on the faculty of the School of Pharmacy, serving as an instructor until 1900, when he became a Professor of Histological Botany and Materia Medica, and serving as Acting Dean from 1914 to 1919, when he assumed his present position.*

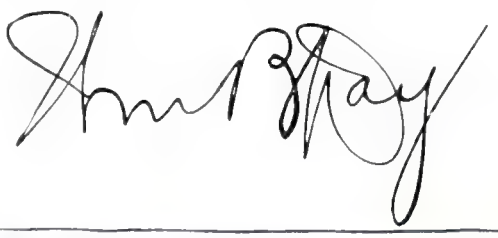

DEAN WILLIAM B. DAY

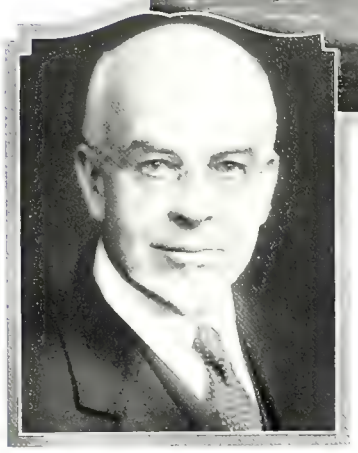

THE students and faculty of the School of Pharmacy feel their last handicap removed with the completion of the new building. The well-lighted laboratories, the library with twice the seating capacity of the old, and the corridors connecting the new building with the old make the whole a comfortable and convenient working quarters. The three-year course is now in full operation and the enrollment shows an increase of a third over last year and is the largest in the history of the school.

The aim of the school is to prepare young men and women for the practice of pharmacy as retail pharmacists or for positions in pharmaceutical laboratories. The school is not only the largest in the west in point of attendance, but its graduates are found in responsible positions in every part of the country.

*Lincoln Hall*

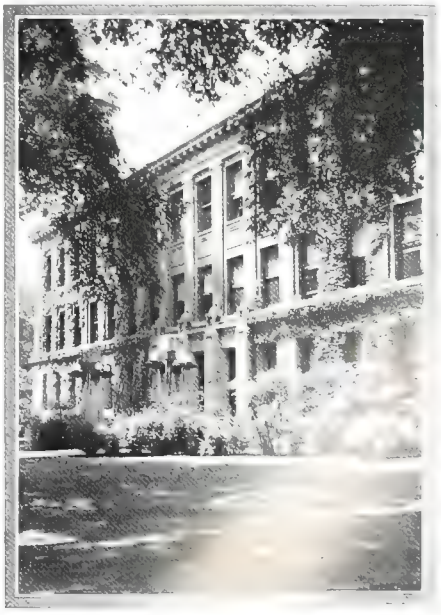

DEAN ARTHUR H. DANIELS

# THE GRADUATE SCHOOL

ARTHUR HILL DANIELS, *Dean of the Graduate School, was born in East Medway, Massachusetts, on October 19, 1865. After receiving his Ph.D. from Clark University in 1893 he came to the University of Illinois as an instructor in philosophy. For two years previous to Dean Babcock's arrival in 1913 he was Acting Dean of the College of Liberal Arts and Sciences. Since 1918 he has been connected with the office of the Dean of the Graduate School, being Assistant Dean for one year, Acting Dean for two years, and Dean since 1921.*

THE Graduate School represents the organized efforts and resources of the University for the purpose of giving opportunities for the most advanced study and for the promotion of research. These two functions, however, are by no means separate, for the spirit of research is the life of graduate study. The ideal of graduate work is one and the same for all graduate students. Some are fitting themselves for higher teaching and administrative positions. Others are looking forward to careers in the fields of business, industry, engineering and the several professions. But it is the purpose of the Graduate School to train all in the methods and the use of the materials of their subjects so that they may become, not only experts and authorities, but also independent workers in their chosen fields.

Arthur H. Daniels

*Dentistry Building*

# THE COLLEGE OF DENTISTRY

FREDERICK BOGUE NOYES *was born in Chicago, on August 22, 1872. He was graduated from Beloit Academy in 1889 and received the degree of Bachelor of Arts from Johns Hopkins University in 1893, and that of Doctor of Dental Surgery in 1895 at Northwestern University. He began practicing dentistry in Chicago in 1895; since 1909 he has specialized in Orthodontia. From 1897 to 1913 Dr. Noyes was Professor of Histology in Northwestern University Dental School. In 1914 he became Head of the Department of Histology and Orthodontia in the University of Illinois College of Dentistry and served in that capacity until 1926, when he succeeded to the Deanship of the College of Dentistry.*

DEAN FREDERICK B. NOYES

THE NEWEST departure in the College of Dentistry is the establishment of extension courses which enable the practicing dentist to keep in touch with contemporary developments in his profession. Two groups of courses are available. The first group consists of courses offered by each of the principal departments, covering both the theoretical and clinical aspects of the particular phase of the work presented. To these courses graduate dentists are eligible.

The education of the public to appreciate the value of the Children's Clinic has required only a short time. Established three years ago it has reached the limit of its capacity, and throughout each year there is an extensive waiting list.

Frederick B. Noyes

*Research and Educational Hospital*

DEAN DAVID J. DAVIS

# THE COLLEGE OF MEDICINE

*David John Davis, Dean of the College of Medicine, was born in Racine, Wisconsin, on August 10, 1875. He studied first at the Racine Academy and later at the Universities of Wisconsin, Vienna, and Freiberg, and at Rush Medical College. He served in the capacity of Pathologist at St. Luke's Hospital in 1911-13, and became a Professor of Pathology and Bacteriology at the College of Medicine in 1913. He has written several treatises on the spine and is the author of other medical books. He began serving first as Acting Dean in April, 1925, and succeeded to the Deanship in September, 1925.*

NO DOUBT the most outstanding recent feature in the work of the College of Medicine was the opening of the new Research and Educational Hospital in 1925. During the past year the work has speedily progressed, and at the present time, 150 patients are housed here. Practically all departments are now organized, and active teaching and research is going on in connection with the medical school. This hospital has furnished something that the College of Medicine has never had before, namely, hospital patients absolutely controlled so far as their medical service is concerned, thereby providing for the study of cases in a way that is not possible in the ordinary private or semi-public institutions.

David J. Davis

*University Hall*

PROF. LAWRENCE W. MURPHY

# THE SCHOOL OF JOURNALISM

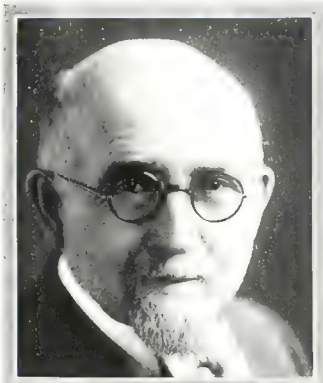

LAWRENCE WILLIAM MURPHY, *Acting Director of the School of Journalism, was born in Madison, Wisconsin, on October 18, 1893. He received his B.A. degree from the University of Wisconsin and his M.A. degree from the University of North Dakota, and has done advanced graduate work at the Universities of Wisconsin and Illinois. Prior to coming to Illinois in 1924 he was engaged in the practice of journalism, military service, and the teaching of journalism. He was formerly Head of the Department of Journalism at the University of North Dakota.*

THE School of Journalism is an outgrowth of instruction in journalism begun at the University in 1902. A four-year curriculum was outlined in 1905 and the professional program has developed since that time. The work is now organized on a junior-senior-graduate basis leading to distinct degrees. Freshmen and sophomores have an opportunity to register in a pre-journalism course within the College of Liberal Arts and Sciences.

The purpose of the School is to give students seeking preparation for journalism and publication work the advantages of both a general and specialized education. During the freshman and sophomore years in the pre-journalism course the emphasis is placed on general and cultural studies, and during the years in the School of Journalism the emphasis is placed on journalism, social sciences, literature and similar subjects that play an important part in journalistic work.

DEAN THOMAS ARKLE CLARK

*Thomas Arkle Clark, '90, Dean of Men, was born in Mmonk, Illinois, on May 11, 1862, and studied at the Universities of Illinois, Chicago, and Harvard. He has been Dean of Men here since 1909, and his work has gained him national recognition as an authority on all phases of a university man's life. During the sixteen years of his service he has probably been guide, counselor, and friend to more young men than any other man in the country.*

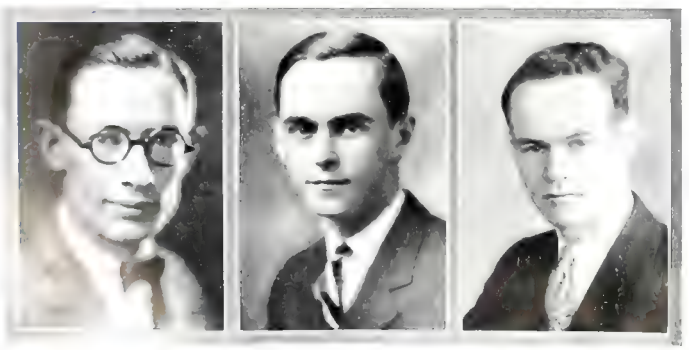

# OFFICE OF THE DEAN OF MEN

THE office of the Dean of Men has been organized for more than twenty-five years. Its purpose has been to concern itself with the problems of individual men.

As time has gone on the work of the office has widened. At the present time there are four men who devote from six to eight hours a day, six days in a week, to individual students. These are: Dean Thomas Arkle Clark, Mr. Fred H. Turner, Assistant Dean of Men; Mr. J. Gladwyn Thomas, Assistant Dean of Men for Freshmen and Foreign Students; and Mr. Rolla A. Davis, in charge of student organizations and activities. Dean Clark gives his time primarily to those students who wish to see him personally.

Better scholarship, better living conditions, wider opportunities for work, and stronger characters are the things for which the office works.

Thomas Arkle Clark

Thomas Davis

DEAN MARIA LEONARD

*Miss Maria Leonard, Dean of Women, was born in Indianapolis, Indiana. She was graduated from Butler College in 1906, and received her M.A. at the University of Colorado in 1910. Since that time she has been constantly engaged in Dean's work, having served as Dean of Women at the University of Idaho from 1910 to 1912, at the University of Iowa from 1912 to 1923, and at the University of Illinois since 1923.*

# OFFICE OF THE DEAN OF WOMEN

UNIVERSITY women call at the office of the Dean of Women at any hour of the school day to discuss matters of personal, group, or campus needs. The questions range from social and financial needs to those of scholastic interest. Personal contact is thus secured through many interviews with students, house-mothers, and parents, by the Dean of Women and her two assistants. Its purpose is to secure wholesome and healthful living conditions for Illinois women, more genuine interest in and incentives for high scholarship, and natural means of developing intellectually, socially and spiritually.

The whole organization of the office of the Dean of Women seeks to serve the needs of the individual student, the group, and the campus in general.

IF ONE survives the physical and mental trials of being a freshman, if the serpent of sophomorism does not crush him in its folds, if the utter boredom of the junior year is not fatal, one attains the dignity of a senior, such as it is. The majority of faces and names within this volume are those of seniors—theirs the names to be writ in gold (if we had the money for it). In a sense the ILLIO should offer inspiration for all the underclasses to aim high; the seats of the mighty must be continually refilled. However, partly as a gentle reminder to lofty graduates that there are yet larger fields, we have included a slight representation of all those alumni who have achieved a larger success. "Who's Who" lists a large number of Illini. May the seniors of today greatly augment their numbers! Illinois honors them now. The world, later.

THE ILLIO OF 1929

THE University of Illinois Alumni Association, founded June 5, 1873, is the connecting link between the graduates and former students and their Alma Mater. The headquarters of the organization in the Administration building are the center for the many activities of this association which:

Publishes the Illinois Alumni News;

Compiles and edits, in co-operation with the University, the Alumni Record, a volume of alumni names and addresses, issued at intervals;

Works with the secretaries of more than fifty classes and of Illini clubs all over the world in the effort to keep up old acquaintances, promote new ones, encourage reunions, and to engender loyalty to the University through life-long contact with it;

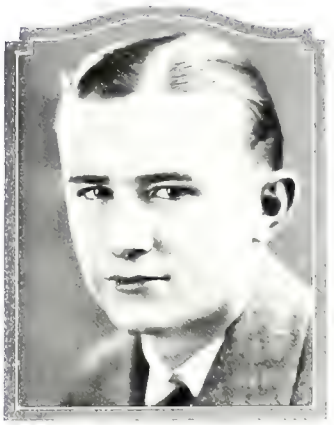

Keeps detailed records of the doings of all the graduates, so far as possible, and of many non-graduates; keeps on file their letters, photographs, clippings, and other biographical data; tries to obtain an up-to-date address for every alumnus;

Maintains for Illini clubs, and others, sets of motion pictures which are loaned without charge.

The Alumni Association office is an information bureau concerning not only the alumni world but many other things connected with the University. All students are urged to use its information at any time, and upon graduating are cordially invited to join, so as to keep in close contact with their University.

# ILLINI OF ACHIEVEMENT

FROM among the thousands of University of Illinois alumni, the editors of The Illio have chosen [illegible] men whom they believe to be representative of those who have distinguished themselves in various fields of activity. We realize how pitifully inadequate would be any attempt to acquaint the undergraduates with all those who have succeeded or to enumerate the activities of those represented here. But the knowledge that these men are typical of those leaders which the University has produced should arouse in us a pride for our institution and admiration for our successful alumni.

LORADO TAFT, '79, *is internationally noted as a sculptor, as is attested by his winning several expositional medals. He is a member of The American Academy of Arts and Letters and many other societies as well as being a popular lecturer and the author of "A History of American [illegible]."*

SAMUEL STRATTON, *'84, after teaching sixteen years, was made Director of the Bureau of Standards. In 1923 he was named President of the Massachusetts Institute of Technology. He holds several honorary degrees and is a member of the National Academy of Sciences.*

LEE SAMUEL [illegible] *1910, and since 1912 has been at Northwestern University, editor of The Purple Cow, author of several novels and recognized as the greatest [illegible] country.*

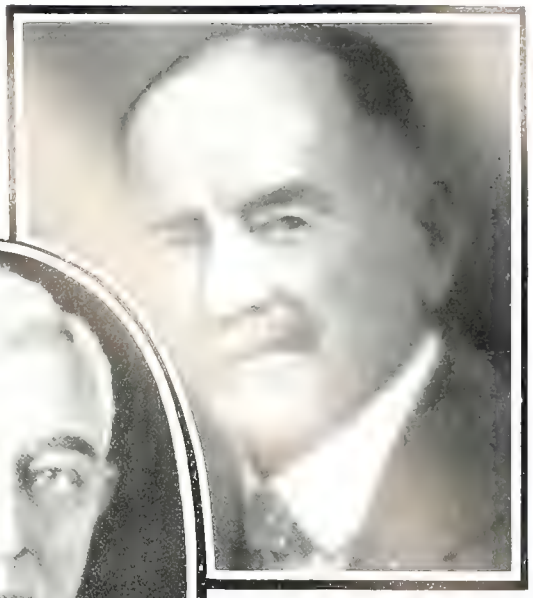

THOMAS ARKLE CLARK, *'90, received his professorship in 1899, and in the following year was made Acting Dean of the College of Literature and Arts. In 1901 he was named Dean of Undergraduates, and in 1909, Dean of Men. He has published several books on literature and on college problems in addition to his magazine contributions.*

HARVEY J. SCONCE, *'98, is a leader in the agricultural life of the country as is shown by his membership in numerous national organizations. In 1920 he was America's representative to the International Institute of Agriculture in Rome. He is the author of "The Romance of Everifarm."*

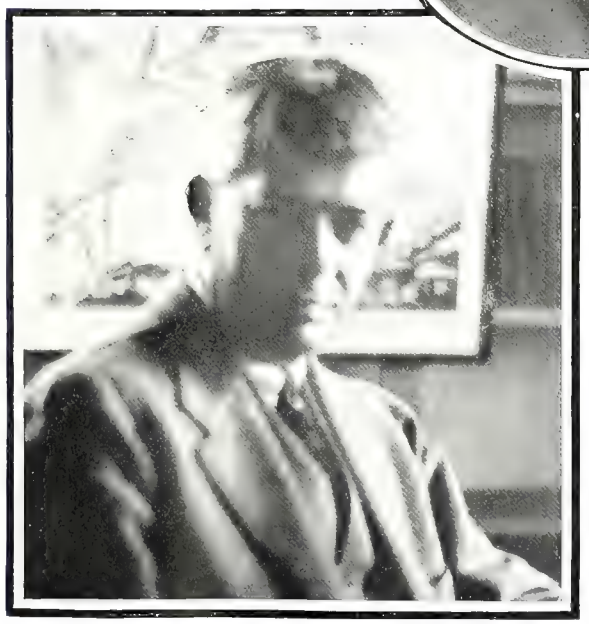

ROBERT F. CARR, *'93, has been President of the Dearborn Chemical Company, Chicago, since 1907. In 1918-19 he served as Major-General in the United States Army. He is President of the Home for Destitute Crippled Children of Chicago.*

FRANK WHITE, *'80, served four terms as North Dakota state legislator and one term as governor. In the late war he served as Colonel in France. In 1921 President Harding nominated him Treasurer of the United States, which office he now holds.*

CARL VAN DOREN, *'07, after teaching nine years, was made literary editor of The Nation. In 1922 he accepted a similar position with The Century Magazine, which he held until 1925. That he is recognized both as an author and a critic is evident from his appointment to the editorship of The Literary Guild of America.*

WALTER C. COFFEY, *'06, accepted the position of Dean of the Department of Agriculture at the University of Minnesota in 1921. In 1911 he was special agent of the Federal Tariff Board. He is the author of a book and several pamphlets on [illegible]*

CHARLES H. DENNIS, *'81, formerly an editor of The Daily Illini, began work as a reporter for The Chicago Daily News in 1882. He was quickly promoted and finally, in 1926, was appointed to the editorship.*

THIS vast volume of sound, the fanfare of trumpets, the sharp bark of cheering, the light laughter of many—this the sound of their University life. You ask what that may be? It is one aspect of education; the pursuit of knowledge is the other. Some call it a side show, in the excitement of which the main tent is forgotten. Through the main tent only, however, can the side show be reached. You do not see its place in the art of education? The latter has many parts. All fit together into a complete and beautiful whole, as the parts of a face. University life cannot be characterized with words. We hope that sometime in the dim future some of these pictures will serve to bring memories not entirely unpleasing. In eight or even eighty pages we can represent only a few events of the year now being reviewed.

JUDGE WILLIAM McNUTT

# DAD'S DAY

## DAD'S DAY COMMITTEES

JUDGE WILLIAM McNUTT — *President, Dad's Association*

W. B. PIERCE — *Men's Chairman*

ESTHER FARRELL — *Women's Chairman*

The University of Illinois Dad's Association was organized on the third annual Dad's Day of the University, November 6, 1922.

The founders of the association had in mind the organization of fathers of the University students into a state of association whose purpose would be the promotion of the welfare of the University in any way it could be of service. The association functions through an executive committee and a general committee.

THE ILLIO OF 1929

INTERSCHOLASTIC

*E. L. Hanson,*
*1928 Interscholastic Manager*

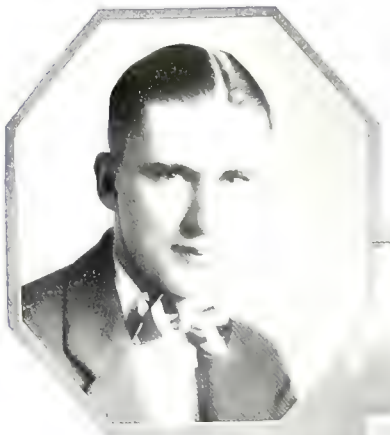

## INTERSCHOLASTIC TRACK MEET

FOUR records fell as Rockford passed up 123 schools to win the thirty-third annual Interscholastic track and field meet which was held during May in the Stadium. Old marks in the mile run, the broad jump, the pole vault, and the javelin throw were all bettered. Other schools scoring after Rockford were: Oak Park, La Grange, Waukegan, Hyde Park, Milford, Taylorville, West Frankfort, Tilden, Belleville, Quincy, and Glenbard.

*The annual interscholastics bring the best of Illinois' high school athletes to compete for sport honors. From these meets many of the future Illini get their initial conception of Illinois. From these meets come the champions and the vanquished, all lending their aid to the event, and all getting their first impressions of our institution.*

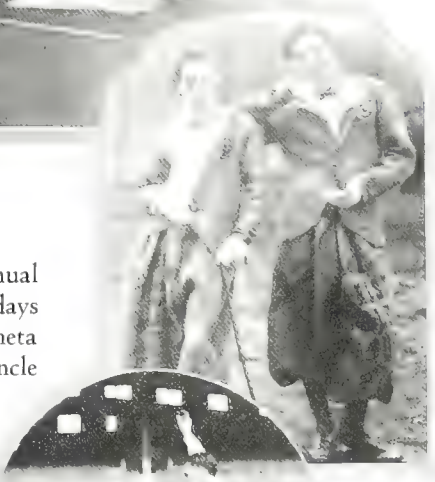

*H. C. Bear,*
*1928 Circus Manager*

## INTERSCHOLASTIC CIRCUS

TEN thousand persons attended the twentieth annual Interscholastic circus held as the final event of two days of entertainment for the high school visitors. Beta Theta Pi won first prize in Class A with its presentation of Uncle Tom's Cabin, Sigma Delta Rho took top honors in Class B with the "Fireman's Ball," and Johnny Duncombe was the prize winner in the individual clown performance. Horner and Sanders were the most successful in the doubles act.

*Every year the "world's greatest amateur circus" supplements the interscholastic events. At the University the first circus of its kind originated under Carlos J. Wagner, who year in and year out develops the best performance of its kind in the United States, with the students doing all of the actual work.*

THE curtain rises and falls on athletic contests. On a few brief moments of inexpert observation most of us base our praise or censure of an athlete. Foremost of all activities in the student mind, its participants are first to be condemned if victory is not theirs. The demand for victory has been well satisfied in the past year by the band of Illini athletes and the most superficial observer can have little but praise. It is not, however, "whether they won or lost, but whether they played the game." The men who are represented in the following pages have played the game. Our rejoicing is hence well founded. But a word for the scrubs, whose portion is only hope, on whose playing no curtain rises. Generally, they receive very little in the nature of tangible reward, but "they also serve who only stand and wait."

IT IS pleasant to look back on athletic victories, and the review of Illinois athletics which the Illio presents shows that 1927 was an unusually successful year.

At its close Illinois was Big Ten champion in football, outdoor track, wrestling, and golf; was tied with Iowa for first place in baseball and held the tennis singles championship. Considering all conditions, our other teams, I am sure, acquitted themselves admirably.

Taking into account the keen competition of the Big Ten, our 1927 record was most exceptional and it must be admitted that we won more than our natural share. This record is a tribute to the ability and purpose of the students who composed these teams and to the knowledge and skill of their coaches.

Illinois' tradition has been to stand by its teams, win or lose, and I believe that consciousness of this support has inspired our athletes. In some institutions "fire the coach" campaigns by certain alumni have been detrimental not only to their athletics but to intercollegiate sport in general.

It is certain that Illinois will have its lean years. Then, I hope, you who soon will be alumni, will be steadfast as you have been in victory.

# VICTORIOUS ILLINI

Reitsch

THREE championships and a tie for a fourth during the 1927-1928 conference season have been the rewards sought and found by the University of Illinois athletic teams.

Coach Robert C. Zuppke took a squad, composed largely of sophomores and juniors, and molded another championship eleven for Illinois. The 1927 title gives him a record of four Big Ten titles and a tie for two others. To win this honor Illinois successfully met Northwestern, Michigan, Iowa, Chicago, and Ohio State. Coach Zuppke used a large squad of players and never played less than 22 men in conference games. When the season ended 28 men were awarded major "I's" and gold footballs.

Wrestling titles for Illinois no longer are novel and unusual. For nine years Paul Prehn has coached Illinois wrestlers, and in seven of those years he has successfully coached a conference title winner. The last annexed made it five straight, and the last two have been won by defeating Michigan in the final match of the season.

The year 1904 was an eventful one for Illinois; for that year Coach Harry Gill assumed his duties as track coach. Since that time Gill's teams have won the confer-

Kunstadter

# VICTORIOUS ILLINI

ence outdoor track meet nine times and the indoor meet eight. The eighth time came on March 10 at Iowa City. Illinois won that meet by a five-point margin over Iowa, its nearest opponent, and displayed the usual skill of the Gill-coached teams.

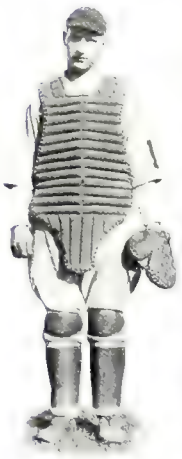

By winning its fifth straight conference game, the Illinois water polo team tied for the Big Ten title with Northwestern and finished with a record of four wins and no defeats. The victories brought the total number of conference wins under Coach Ed Manley to 15, with only one defeat on record—that which Chicago dealt the Illini last year.

Other sports have fared well this season. The cross country runners finished second, the fencers second, the gymnasts third, the swimmers gained a tie for fourth in the Big Ten meet, and the soccer team finished with a victory over Iowa and a loss to Ohio State for a .500 mark.

Considering the spring sports which the 1928 ILLIO could not cover, there is the outdoor track championship, the tie for baseball championship, the golf title, the tennis singles title, second in the tennis doubles, and second in tennis by the conference dual meet ranking.

# CHEERLEADERS

REALIZING that it is only a minor part of the cheerleader's job to keep the crowds yelling during athletic contests, and that proper leadership may sway thousands to a show of good sportsmanship in either defeat or victory, the athletic council selects the varsity cheerleader from competition. Upon the cheerleader's tact, performance, understanding of crowd and player psychology, and his organization of the junior and sophomore leaders under him, largely depends the University's reputation for true sportsmanship as manifested in the reaction of the spectators, individually and as a whole.

DORAN T. RUE

DORAN T., "Spike," Rue was the 1927 winner of the conference medal for athletic and scholastic proficiency, awarded last June. Rue was a reliable point-getter in the distance events for Coach Harry Gill for three years. He was captain of the track team in his last year and a member of the national championship four-mile relay team. In addition, "Spike" maintained a scholastic average above 4 point throughout his University career.

THE CONFERENCE MEDAL

# ATHLETIC TROPHIES

McGINNIS MEMORIAL TROPHY

Presented in memory of Gordon McGinnis to the winner of the four-mile relay at the Illinois Relay Carnival.

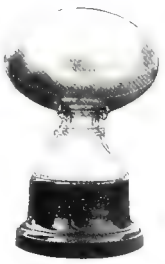

WESTERN CONFERENCE OUTDOOR TRACK TRAPHY

Awarded to the Big Ten track team scoring the most points in the annual conference track meet.

JACK RISSMAN TROPHY

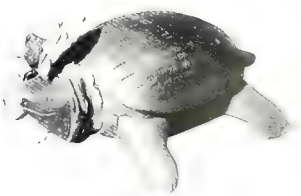

Presented by Mr. Rissman to that Big Ten football team ranking highest according to the Dickinson Rating System.

MIKE MASON TROPHY

This historic trophy is awarded every year to the winner of the four-mile relay at the Illinois Relay Carnival. Illinois has won this event for four years and now has permanent possession of the trophy.

ILLIBUCK II

Fought for by Illinois and Buckeyes on the football field. Illinois' defeat of Ohio brought Illibuck back to the campus.

## *SEASON 1927*

COACH Bob Zuppke surprised the Big Ten and most of the Illinois partisans by bringing home the championship in 1927. Pre-season "dope" indicated that Illinois would have a fair football team; however, those who assigned Illinois to fifth or sixth place in the final conference standing reckoned without Coach Zuppke. The team was made up almost entirely of sophomores and lacked individual stars. Five conference victories were gained on five consecutive week-ends. With a majority of the team returning to the field next fall and a wealth of new sophomore material, Illinois can look forward to another successful season.

# VARSITY FOOTBALL

ALTHOUGH playing on a "starless" championship conference football eleven where individual honors were neither sought nor individual stars wanted, the Illinois players received their share of all-star selections at the close of the season with Russ Crane attaining the pinnacle as a guard on Grantland Rice's all-American selections.

The choice of Crane made him the sixth Illini football player to receive recognition from the Camp-Rice combination which has long been famous for its pick of America's outstanding football players.

Captain Robert Reitsch, Captain-elect Butch Nowack, and Judson Timm were other Illini receiving mention on many of the all-star selections

Reitsch played center for the Illinois eleven, but even more, from his personality and leadership emanated the spirit that carried the Zupmen into another championship. Reitsch was one of the greatest captains to pilot an Illinois team in recent years and his work in the center of the line was superior to that of any other opponent faced during the entire season.

Nowack was practically a unanimous choice for a tackle berth on conference all-star selections. He was named in a pick of the Big Ten made for the Associated Press; he was chosen by Walter Eckersall, Big Ten official, and by another conference authority, Fred Young.

Timm was given a halfback berth on Eckersall's all-conference choice and on Young's Big Ten selections. Like Nowack, Reitsch, and Crane, the fast, elusive halfback received many other honorable mentions and commendations due him for his irresistible driving power in the backfield

Nowack, Timm, and Crane will be back next year.

# ILLINOIS 19; BRADLEY 0

PLAYING in a steady downpour of rain, the Illinois football team opened the 1927 season with a 19 to 0 victory over Bradley.

One of the luminaries uncovered by Coach Robert Zuppke in using Sophomores was Fritz Humbert.

Humbert, inserted at fullback during the latter part of the first quarter, inspired an Illinois team that had been battling with its opponents on even terms. Frequent fumbling marred the play in the second quarter. At the opening of the second half, Zuppke sent in nine new players and another scoring drive, piloted by Blair French, began.

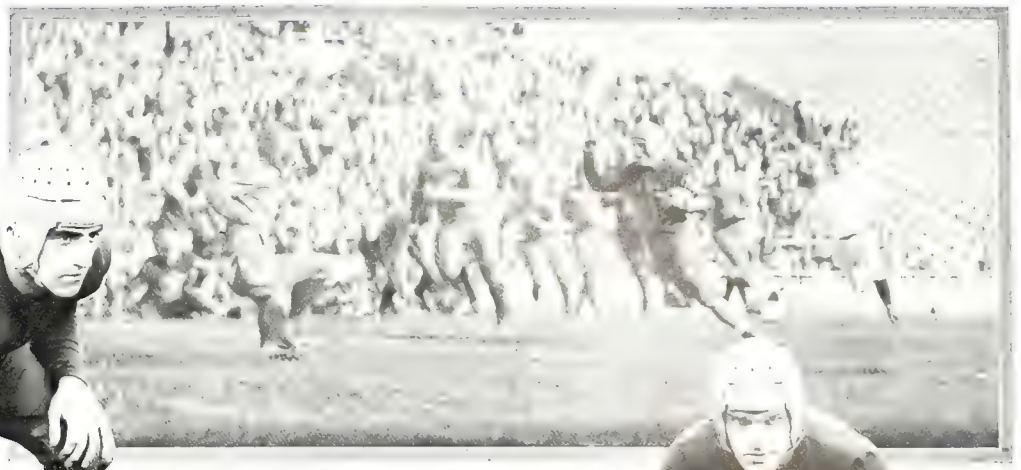

At the end of the quarter the Illini were leading, 13 to 2. In the middle of the last quarter, Dwight Stuessy replaced French at quarterback and a third Illinois drive started, the score mounting finally to 19 for Illinois and 0 for Bradley.

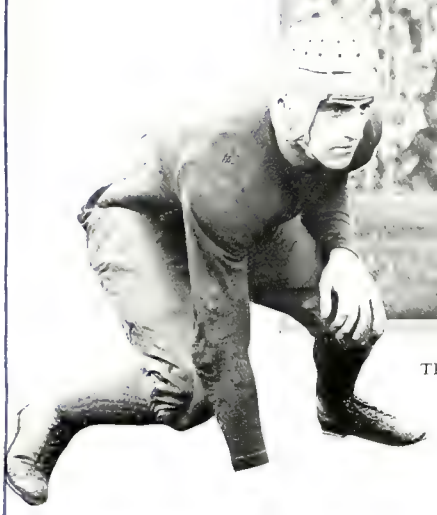

Jolley

HUMBERT BREAKS THROUGH LINE

TIMM ADDS 30 YARDS AGAINST BUTLER

D'Ambrosio

# ILLINOIS 58; BUTLER 0

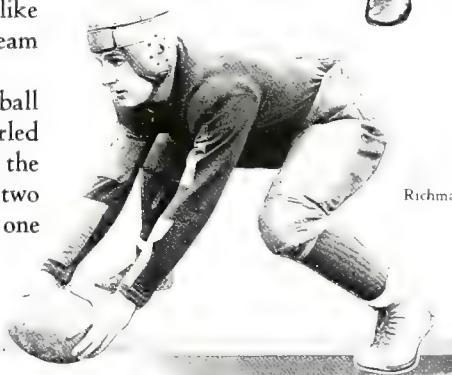

BRILLIANT end runs, long and short forward passes, line plunges, and a recovered fumble that was converted into a score, gave the punch to a galloping Illinois eleven in the second non-conference game of the season when Potsy Clark's football team suffered a 58–0 drubbing.

"Gaga" Mills, Frank Walker, and "Tom Mix" Nickol skirted the Butler ends and pounded off tackle in such a machine-like precision that the largest score made by an Illinois football team in recent years was made with apparent ease.

Jud Timm and Art D'Ambrosio added their share of ball carrying to the Illini attack, while French and Stuessy hurled passes to Illinois receivers to vary the attack which shattered the invading eleven. Nickol, Mills, and Walker each scored two touchdowns, while Timm, Stewart, and Wolgast scored one apiece.

# ILLINOIS 12; IOWA STATE 12

Schultz

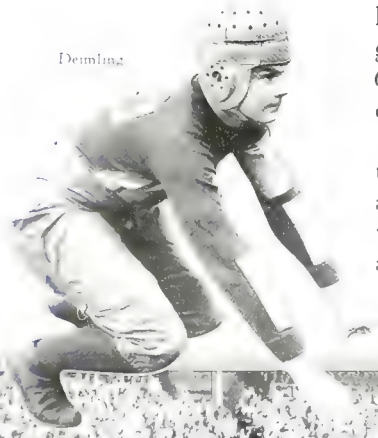

Humbert

IOWA State next invaded Memorial Stadium, fought a determined battle, and gained a 12–12 tie with Bob Zuppke's proteges. A long run on the opening kick-off and a sustained drive of 80 yards in the third period gave the Ames eleven two touchdowns and enough points to tie the Zupmen.

Miller returned the kick-off 70 yards to the Illinois 11-yard line. Three plays were sufficient to put the ball behind the Illini goal line. Then the startled Illini found time to tie the score at 6–6 when Jud Timm raced around his own left end for a touchdown.

Timm carried the ball over the line for the second Illinois touchdown in the same period. In the third quarter Lindblom and Hill crashed the Illinois line for a touchdown, again tying the score. Captain Bob Reitsch blocked the try for extra point and saved defeat.

Deimling

MILLS CUTS BACK FOR 15-YARD GAIN

WALKER DASHES 25 YARDS AROUND RIGHT END

Stewart

# ILLINOIS 7; NORTHWESTERN 6

ILLINOIS opened its conference season against Northwestern, fought stubbornly the highly touted Purple eleven, allowed its own goal line to be crossed early in the second quarter, and then came back in the same period with a touchdown and extra point to win an upset, 7–6.

Northwestern was the first to score when Tiny Lewis carried the ball over in the opening of the second quarter. Later in the same period, a pass, Stuessy to Jolley, brought a touchdown, and Butch Nowack gave Illinois the margin between a tie and victory by booting the pigskin straight and true for the extra point.

The strong Illinois line held the entire second half while the Wildcats rammed time after time at the forward wall. In the closing minutes the Purple team attempted a wild forward pass attack, but the Illini broke it up repeatedly.

Stuessy

Gordon

# ILLINOIS 14; MICHIGAN 0

FIFTY thousand Homecoming fans turned out to see our old rival, Michigan, go down before our eleven in a 14 to 0 defeat. In the first quarter Garland Grange swooped down on a fumbled punt on Michigan's eight-yard line.

From there Timm crossed the goal line to score six points. Nowack kicked goal. In the third quarter Russ Crane added insult to insult by blocking a punt coming off of Miller's toe. The ball flew into the air toward the Illinois goal and Schultz landed on top for a second touchdown. Nowack again kicked goal.

It was all Illinois' game from the start. Gaining 213 yards to 145, making eight first downs to five, and scoring 14 points to none, the victory proved the strength of the Illinois football squad, formerly underrated but henceforth to be feared by every Big Ten foe.

Short

AROUND END FOR ANOTHER BIG GAIN

Nelson

MILLS STARTS THROUGH TACKLE

# ILLINOIS 14; IOWA 0

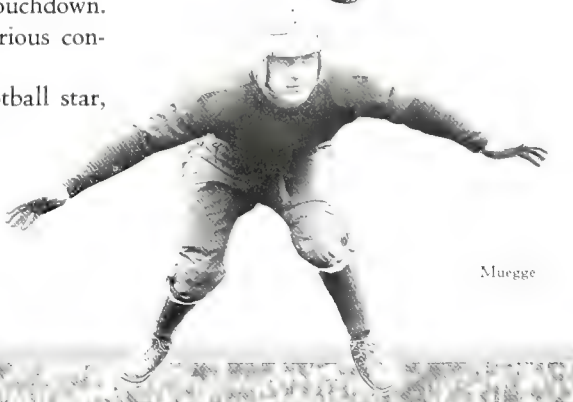

SWITCHING from an open air attack to the line plunging and end running game, the Illinois football squad won its third Big Ten game from the Hawkeyes by a score of 14 to 0.

Art D'Ambrosio, playing his first conference game at fullback, pounded the Hawkeye line for frequent gains, and his successor, Fritz Humbert, scored the first touchdown on a plunge through the line. Early in the second half the Illini gained possession of the ball and Walker carried it for another touchdown. The Iowa defeat proved again that Illinois was a serious contender for the conference championship.

Coach Burt Ingwerson of Iowa, former Illinois football star, placed a strong Hawkeye eleven on the field. The game was played before a Homecoming crowd of 30,000, and Illinois' success ruined the day for the Iowans.

Mill.

Muegge

STUESSY PASSES TO GRANGE

Grange

Burdick

# ILLINOIS 15; CHICAGO 6

CHICAGO was the fourth Big Ten victim to fall before the Illini. The interference, and the defensive and offensive play of the Illini baffled the Maroons and kept the Zupmen in complete command of the game all the way.

Anderson of Chicago started the Illini on the road to victory early in the contest when he failed to catch a pass from center and was forced to recover behind his own goal. In the second quarter Frankie Walker skirted the Chicago left end for the first touchdown of the game.

In the last quarter two forward passes, Stuessy to Timm, netted 27 yards, and Walker dashed around right end for the final Illinois score. The Maroons utilized the lateral pass in the fourth quarter to score from the nine-yard line after Humbert fumbled and Greenbaum recovered for Chicago.

Wiet

WOLGAST GRABS PASS FOR SHORT GAIN

WALKER MAKES SHORT GAIN AROUND END

McClure

# ILLINOIS 13; OHIO 0

THE defeat of the Ohio State football team, 13 to 0, gave Illinois the Conference Championship. Ohio's line-up fought bitterly against the invading Illini, and time after time threatened to cross the Illinois goal, losing their closest chance to score when Rowan fumbled on the one-foot line and Nowack recovered.

Early in the second quarter Stuessy hurled the ball to Humbert on the fourth down with four to go and the fullback raced over the goal line. Butch Nowack missed the try for the goal. Bill Short started the Illini on the road to their second score by returning Raskowski's kickoff at the opening of the second half. Timm later carried the ball 25 yards for a second touchdown. Nowack re-entered the game and kicked goal.

The champion-bent Illinois eleven was not to be stopped. Ohio's forward passing attack failed to pierce Illinois' secondary defense, and the Zuppmen marched off the field Big Ten conference champions.

# VARSITY BASKETBALL

PROSPECTS for a good basketball season were bright when Coach Craig Ruby issued his first call of the season. Four lettermen from the 1927 squad returned. Swede Olson, Ernie Dorn, Royner Greene, and Frosty Lindsay were on hand. Kes Deimling, a letterman from the 1926 team, was back again, and Johnny How was available for the first time. Players from a good freshman squad the year before were also counted upon to aid in a Big Ten title race.

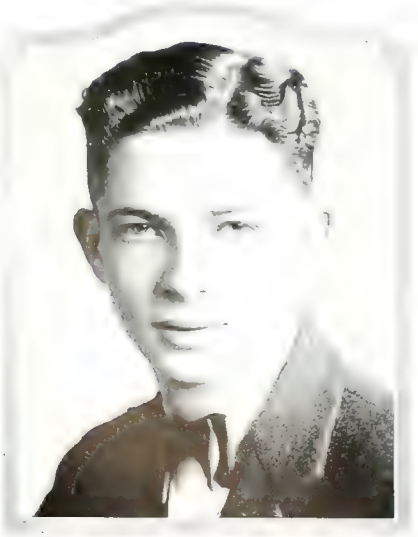

But pre-season estimates of the power which the Illinois basketball team might gain during the season were too optimistic, as was shown by the team itself when the campaign got under way. The two victories over Knox and Bradley proved that Illinois had possibilities. The trip to the University of Washington brought out some of the finer points of quality, and prepared Illinois for a dismal season in conference basketball.

The Purdue defeat was a disappointment to many Illinois fans, but it was a loss to a superior team. Then lack of proper judgment by some of the less experienced players cost Illinois its second game at Iowa. Determination won for the Illini in the third game with Wisconsin when Johnny How dropped the ball through the basket as the game ended. The Indiana team added another defeat when the Rubymen traveled to Bloomington for the final game of the first semester.

# VARSITY BASKETBALL

S. D. JONES
*Manager*

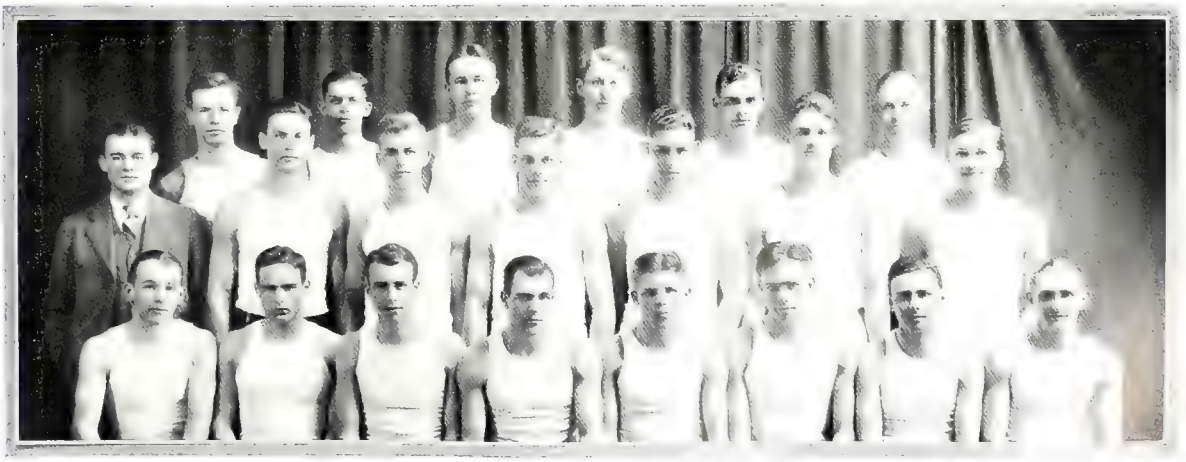

SEMESTER examinations took two regulars and a few substitutes out of the game at the beginning of the second semester. Added to the loss of Captain Swede Olson and Frosty Lindsay, came the withdrawal of Bill Short because of illness. A new team was built "over night" which whipped Northwestern, but the pace was too fast and the team continued in its losing ways for the next few games.

Wisconsin ended the disastrous season by defeating Illinois on its home floor. Cann and Bunn are the only men lost by graduation for next season.

How

# VARSITY BASKETBALL

BASKETBALL opened for Illinois with a 22 to 18 victory in the New Gymnasium. Coach Craig Ruby used How and Olson, forwards; Dorn, center, and Mills and Solyom, guards. Johnny How turned loose in the second non-conference tilt and scored seven field goals and one free throw against Bradley. Illinois won, 42 to 35.

Then Illinois' basketball team undertook the longest trip west ever attempted by a conference quintet. The trip was a pleasure for the eleven team members, but proved disastrous in the games won and lost and had a lasting effect upon the playing of the team throughout the entire Big Ten season.

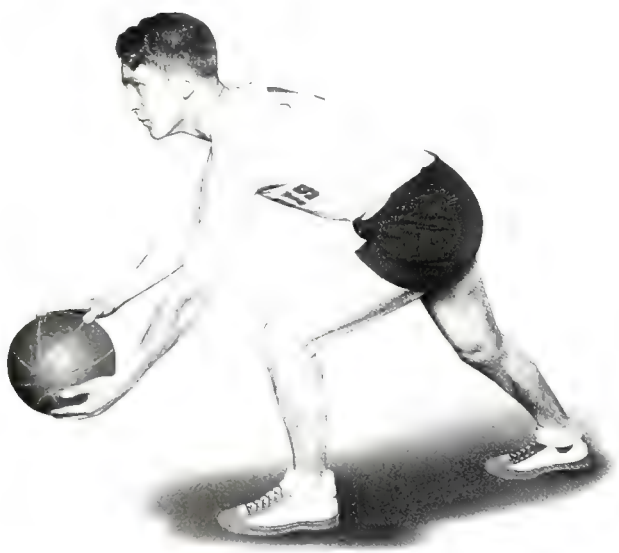

The style of basketball and the officials on the West Coast were unlike any others seen by Illinois, and in its first game, which was a part of the dedicatory services for the new University of Washington $600,000 field house, the Huskies emerged with a 34 to 23 victory.

In the second game Illinois won its only victory of the Western trip. Captain Swede Olson and Doug Mills found things to their liking and each scored four field goals, while Swede added two free throws to his total.

Washington won the third and final game of the contest, although Mills continued his expert basket shooting and sank four field goals. The Huskies won the game and the series by a 32 to 26 verdict.

Cann

Dorn

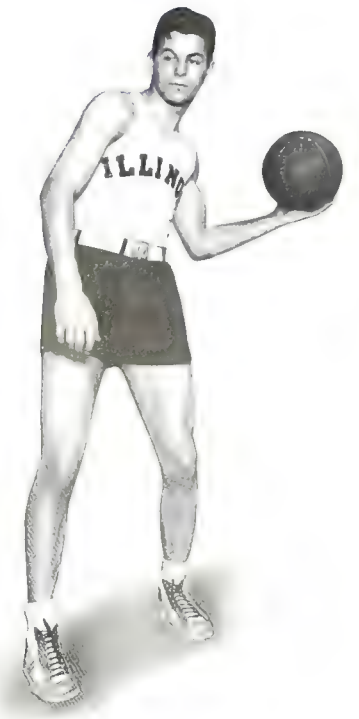

# VARSITY BASKETBALL

PURDUE, later crowned co-champion of the Big Ten, was the opponent the night of the opening conference game for Illinois. For three quarters the two teams fought on an equal basis. The Illini faltered early in fourth quarter, Purdue pushed ahead, and then stalled the last few minutes of play. Inability to keep Murphy, tall Purdue center, from scoring cost the game. He scored 14 of the 30 points made by his team. Mills was successful four times in shooting from the floor and was the only Illinois player scoring more than a pair of field goals.

Early in the third quarter of the second conference game with Iowa the Illini were holding a 25 to 18 advantage over the Hawkeyes, but the margin was not large enough and the home team gradually closed the gap.

Johnny How was the hero of the first Illinois victory in the 1928 conference season. Johnny sent the ball through the hoop as the sound of the gun ended the game and the basket switched the victory from Wisconsin to Illinois. The final score stood: Illinois, 34; Wisconsin, 33.

Indiana proved to be the third stumbling block in the way, and the Hoosiers, playing on their home floor, handed Illinois a 44 to 29 drubbing. While the first team was losing to Indiana the Illinois seconds, playing for their only time, lost to Loyola, 27 to 12.

Deimling

Drew

Gam

# VARSITY BASKETBALL

Mills

A NEW and inspired Illinois team, minus the services of its captain, Swede Olson, Frosty Lindsay, and Bill Short, opened the second semester play by upsetting an invading Northwestern quintet by a 32 to 20 score. How, Cann, Solyom, Mills, and Deimling took the floor against the Wildcats and won. Mills contributed six field goals for high scoring honors, but was closely pressed by Johnny How, who sank five. These two high scorers, however, were greatly aided by the rest of the team, especially the giant guard, Deimling, who was playing despite illness which forced him to enter a hospital immediately after the game. Northwestern was in the lead only once, which was early in the game, and then held a 6 to 5 advantage. The rest of the way it was all Illinois.

After holding Purdue to no field goals in the first 15 minutes of play the Illinois defense crumbled and the Boilermakers ran wild for a 40 to 14 victory. The sinking of free throws, 14 out of 16 tries, while the Illini were missing 12 out of 16, proved the difference in calibre of the two teams.

Against Chicago in the next Big Ten tilt the Illini went to pieces and allowed the Maroons to established a season's record for high scoring in the conference race. The Maroons doubled the score in their 52 to 26 victory.

Iowa attained revenge for the Illinois victory on the Hawkeye floor by defeating the Rubymen in the return game, 41 to 27.

Olson

# VARSITY BASKETBALL

Bergeson

QUANTITY proved no asset to Illinois in its second game with Northwestern, and in spite of frequent substitutions by Coach Ruby in an attempt to stop the Wildcats, the Illini lost once more, 39 to 31.

A free throw decided Illinois' next defeat. Twice in the closing minutes of play did the Illini tie the Maroons, but a free throw by Changnon in the last minute of play won for Chicago its second triumph, 19 to 18. Mills and How again led the Illinois scoring.

Ernie Dorn, kept on the sidelines for his lack of scoring ability through most of the season, led a fighting Illini team against Indiana. Dorn scored more than half the points that enabled Illinois to tie the Hoosiers when the game ended, although Indiana became the victor in the overtime play by a 27 to 23 score. Dorn made three field goals and made good seven times from the free throw line. Illinois resorted to a delayed offense and kept the Indiana team worried all of the way. Had not Dale Wells chosen that game to score five long field goals the tale might be different.

Illinois submitted to the final defeat of the season when Wisconsin played the Illini in the New Gymnasium. The Badgers evened the count with that victory and led the Illini all of the way for a 32 to 22 verdict.

*Season 1927*

ILLINOIS sprung another surprise in the 1927 outdoor track meet and Coach Harry Gill's squad won another title, although fifth in the indoor event was the best it could do. Starting the 1928 indoor season the Illini defeated Notre Dame and Iowa, then took the Big Ten meet at Iowa City.

Prominent throughout the 1927 season was Illinois' four-mile relay team of Fairfield, McElwee, Sittig, and Rue. The team met and defeated every outstanding opponent in the country and came within five seconds of equalling the national intercollegiate record at the Rice relays.

Johnny Sittig enjoyed a splendid season, both as a member of the four-mile relay team and as a half-mile runner, the best Illinois has seen for years. Dan Lyon continued his earned wins in the shot put and lost the Big Ten title only after he had broken the record in the meet. Earl White broke the pole vault record at the Rice relays by clearing the bar at a height of 13 feet 3½ inches.

*The 1927 Record*

McElwee

VICTORIES in two dual meets and fifth in the Big Ten indoor meet were the achievements of the Illinois track team in the 1927 indoor season. With Iowa and Illinois as favorites to win the indoor conference meet, Wisconsin sneaked ahead and won through the efforts of McGinnis, who took first place in the 60-yard high hurdles, the pole vaults, and the high jump. "Spike" Rue scored second in the mile run, Earl White tied with two others in the pole vault for second place, and Dan Lyon won first in the shot put with a heave of 47 feet, 3 inches.

In the first dual meet of the indoor season Coach Harry Gill's team defeated Notre Dame in South Bend, 56 1/3 to 38 2/3. Johnny Sittig led the way with firsts in the quarter- and half-mile runs. Other Illini leading the field in their events were: McElwee in the mile run, Lyon in the shot put, Wachowski in the high jump, Simon in the broad jump, McKeever, who tied in the high hurdles with an Irish hurdler, and Earl White, who tied with Bov of Notre Dame.

*The 1927 Record*

AGAINST Iowa in the only conference indoor dual meet, Illinois won, 55 1/3 to 48 2/3. Johnny Sittig, racing against Cuhel of Iowa on the last lap of the mile relay, clinched the victory when he outstepped the Hawkeye on the straightaway. Sittig had been given a two-yard lead by Bo Orlovich at the exchange of batons. Illinois took three places in the 880-yard run and in the broad jump. Dan Lyon and Joe Simon established new Illinois records in the shot put and broad jump.

HONORS were first sought by the Illini track team in the 1927 outdoor season at the Texas and Rice relays. In both meets the Illini upheld the traditional Illini honor, including the breaking of two records at the Texas meet, and three the following day at the Rice relays.

Joe Simon and Dan Lyon set the new marks at the Texas meet. Simon leaped 23 feet, 8 3/4 inches in the running broad jump, while Lyon heaved the shot 47 feet, 1 1/2 inches. The Illinois four-mile relay team had little difficulty in winning from Oklahoma and Rice in 18:30.3.

One day later came the Rice Institute relays and three more records fell before Illinois athletes. Earl White cleared the bar in the pole vault at 13 feet, 3 1/2 inches to break the mark established by Dean Brownell in 1924. Fairfield, McElwee, Sittig, and Rue raced to a new record in the 4-mile relay in 17:50, only five seconds slower than the national record. The mile relay team of Nickol, Sittig, Hamlett, and Orlovich finished ahead of the field in 3:22. Dan Lyon continued his performances with a heave of 46 feet, 1 inch.

ILLINOIS HURDLERS LEAD FIELD

Meislahn

Simon

Peters

WITH part of the Illinois track squad competing at the Kansas relays and part at Ohio, Coach Harry Gill's men took the major honors at the Lawrence meet and placed well in the event held at Columbus.

In the Kansas relays the Illinois four-mile team of Sittig, Farifield, McElwee, and Rue won permanent possession of the Rowland challenge trophy for Illinois by winning in 18:08.4. Earl White won first in the pole vault event, and Dan Lyon added another win in the shot put.

At the Ohio meet Simon won first in the hop, step, and jump, and took second in the broad jump. Art Meislahn placed second in the hop, step, and jump, and third in the broad jump. The medley team of Nickol, Courter, Ponzer, and Stine finished second, and the mile relay team ended in third place behind Michigan State and Indiana.

On April 30 the Illinois four-mile team of Rue, Sittig, McElwee, and Fairfield won the national championship. Running in rain and on a water-soaked track the Illini won from the stellar Penn State team in 18:28. On the same day other Illinois track men were competing at the Drake relays. Simon and Lyon took the only Illinois firsts.

*Captain*

ILLINOIS won and lost a dual track meet in the outdoor season to Big Ten foes and won its only non-conference meet from Notre Dame.

Against Notre Dame the Illini scored slams in four events, the 880-yard run, the 220-yard low hurdles, the broad jump, and the javelin throw. First places in the quarter-mile, the mile, the two-mile, the 120-yard high hurdles, the discus throw, the shot put, and a tie for first in the high jump also went to Illinois.

The results of the final event, the javelin throw, decided the dual meet between the Illini and the Wolverines. Michigan won by a 72 to 63 score. Don Lyon featured for Illinois by breaking the shot put record of Ferry field and the Illinois standard by putting the 16-pound weight 48 feet, 10 7/8 inches.

In the final dual contest Illinois defeated Iowa, 71 to 64. The Illini scored slams in the broad jump and half-mile. Bernie Shively broke the Illinois hammer record in his last home appearance by throwing the weight 155 feet, 5 inches.

SITTIG ROMPS IN A VICTOR

Royer

Nickol

Stuttle

FOR the ninth time under the tutelage of Coach Harry Gill, Illinois won an outdoor conference championship, making it the fifth in the last ten years.

It was a well-balanced squad that brought Illinois victory in the 1927 event. Only three first places went to the Illini, but many others aided the total score. Johnny Sittig won the half-mile in 1:58.5, Ermel McElwee finished ahead of his teammate, Fred Stine, in 4:27.1 to win the mile, and Joe Simon leaped 23 feet, 5 1/8 inches to take first in the broad jump.

Dan Lyon broke the Big Ten record in the shot put, only to see Tiny Lewis of Northwestern come along and break his new mark by one-half inch and force him into second place. McKeever placed in the high hurdles, Fairfield in the two-mile, Shively in the hammer, Wachowski in the high jump, and Earl White in the pole vault. The one-mile relay team finished fourth. Hall ended the race behind Fairfield in the two-mile, and Ted Wachowski took fifth in the broad jump.

# VARSITY TRACK

Lyon

A BIG Ten Championship and victory in two dual meets showed the Illinois track quality in the 1928 indoor season. In the opening dual meet against Notre Dame three armory records fell in the rush of the athletes. Dave Abbott finished the two-mile race in 9:29.6 to better a record which had stood since 1922, and Joey Novak won the mile in 4:24.4 to create a new armory mark. Abbott, Notre Dame, broke the other record in the 880-yard race.

The results of the broad jump, the next to the last event, clinched a victory over Iowa, 55 1/2 to 48 1/2, in a dual meet that saw four records fall. Illinois registered slams in the pole vault, mile, and two-mile. Hal White set a new mark in the 880, Abbott and Fairfield tied as they broke the track mark for the two-mile race. McElwee set a new record in the mile.

As new marks were created in the pole vault, mile relay, quarter-mile and mile runs, 60-yard dash, and the 70 high hurdles Illinois scored another Big Ten indoor championship by scoring 31 points, four more than Iowa, its nearest rival, could garner. Carr's victory in the high jump assured Illinois of the victory. Dan Lyon, Dave Abbott, and Joey Novak were the Illini taking the other first places, while Stine, Heinsen, Earl White, Barnes, Chambers, Hamlett, Hal White, and Nickol all scored.

EARL WHITE CLEARS BAR

# VARSITY CROSS COUNTRY

Abbott

BUILDING a team around two returning lettermen, Coach Harry Gill constructed a cross-country squad that placed second to Wisconsin in the conference meet, thus ending one of the most successful seasons in recent years.

With Captain Joey Novak and Ermel McElwee as the only "I" men of the cross-country team back, Gill's team took on power and speed with the addition of Abbott, Fairfield, Stine, Ponzer, White, and Tockstein.

Notre Dame was the first Illini foe and the only non-conference competitor of the season. The Irish brought their team to Champaign to suffer defeat for the second successive time at the hands of the Illini. This time the Illini won, 18 to 43. Fairfield, Abbott, Ponzer, and Stine finished one, two, three, four in that race.

Novak

On the first Saturday in November the Illinois squad went to Iowa City and there defeated the Hawkeyes in a blizzard. The Illini won, 27 to 29.

In a triangular meet held with Ohio State and Michigan at Champaign on the following week-end, the Illini romped home with an easy victory, six Illinois men finishing arm-in-arm to tie for first place. They were: Novak, Fairfield, Ponzer, Mooneyham, McElwee, and Abbott.

The season was closed when the Illinois team finished second to Wisconsin in the conference meet held at Ann Arbor. The Badgers scored 51 points for first place, and Illinois was a close second with 57.

Four lettermen return for next year. They are Captain Joey Novak, Captain-elect Dave Abbott, Fred Stine, and Howie Ponzer.

# ILLINOIS RELAY CARNIVAL

ONE world's record was tied, eight meet records were broken, and two new marks were established when the class of Middle West athletes, more than 700 from 85 universities, colleges, and high schools, hurled themselves against the marks of the past and won 10 times out of 19 trials in the eleventh annual Illinois Indoor Relay Carnival held in the Armory on March 17.

The Illinois four-mile relay team again lowered the Carnival record for the event when Stine, McElwee, Novak, and Abbott bettered the mark set by the Illini in 1927 by finishing in 17:56.5.

Illinois also established a record on the university medley relay being run for the first time, and placed second to Iowa in the one-mile relay.

Five Illini placed in the individual championships. Dan Lyon won the shot put, Carr tied with three others for first in the high jump, Heinsen tied for second in the pole vault, Frank Simon took second in the broad jump, and Sibbitt placed fourth in the same event.

McIntosh

Elder

Droegemueller

ELDER of Notre Dame equalled the world's record in the 75-yard dash and established a new standard for future Carnivals. Michigan State Normal medley relay team set a mark for the first time in the college medley relay. Male High School of Louisville broke the one-mile relay mark set by Oak Park High in 1927.

Kansas State Teachers' College of Pittsburgh bettered the record in the one-mile college relay. The same school took first in the college two-mile relay. Gess of the University of Kentucky established a new mark in the 1000-yard run.

Climaxing the record-breaking meet the University of Iowa one-mile relay team of Stevenson, Stamats, Baird, and Cuhel set a new one in the one-mile university relay.

Droegemueller, Big Ten indoor champion, cleared the bar in the pole vault at 13 feet, 3/4 inch to set another standard for athletes in the future to try for.

Alf

JACK McIntosh of Monmouth College won the all-around championship with a score of 5269 points. In winning, McIntosh won the high jump and pole vault and tied for first in the 75-yard dash of the all-round events.

Tieing for first place in the high jump were Carr of Illinois, Brunk of Drake, Gitter of Marquette, and Shephard of the University of Texas. McInerney won the running broad jump with a leap of 23 feet, 8 1/2 inches. Alf of Doane finished ahead of the field in the 300-yard dash. Rockaway of Ohio State outclassed the field in the high hurdles. Willis of Rice Institute led the way for the 1500-meter runners. Kane of Ohio Wesleyan ran the 75-yard low hurdles in the fastest time. Iowa State won the university two-mile relay.

# VARSITY BASEBALL

*The 1927 Season*

C. L. LUNDGREN
*Coach*

P. J. Stewart
*Freshman Coach*

SPRING arrived early in the Twin Cities and that early arrival may have meant the difference in the Illinois ball team. At least the extra days of outdoor practice did no harm and when the season had ended Illinois was co-champion of the Big Ten conference. It was the first claim to the title for Coach Carl Lundgren since the 1922 championship.

Few veterans were on hand at the beginning of the season and their presence gave little indication that Illinois might have a championship team. Captain John Kusinski was back and so were two pitchers, Bud Stewart and George Hoffman. Finn, Bryden, Gundlach, and Paul looked like the best choice for infielders. The outfielders were scare. Sweeney was back, along with Dalbeck, an outfielder and pitcher. Hoffman was used frequently in right field, while Ernie Dorn took care of the left garden for practically the entire season.

The pitching of Bud Stewart was the keynote of the Illinois success. Taking little rest between encounters, the ranking pitcher in the Big Ten took the mound for Illinois time after time and pitched Illinois to the championship.

Illinois' baseball players acted the part of the "hitless wonders" during the entire season and finished eighth in the conference ranking when the season closed. Ira Sweeney led the batters in the conference season with a .314 average and was followed by Dick Finn with a .295.

Finishing the southern trip with three victories, three defeats, and one tie, the Illini scarcely looked to a prosperous season, but a joint claim to the title with Iowa was the final result.

DEAN SMILES AS ILLINI WIN

Paul

Stewart

*Tie for the Championship*

ILLINOIS opened the southern baseball trip and the season against Mississippi with Bud Stewart hurling the Illini to their first victory on a rain-soaked field. For five innings Stewart allowed the first Mississippi batters to reach the initial sack, but on all except one occasion he successfully held the following batters in check. Mississippi scored two runs in the third after Illinois had taken a two-run lead in the second. With the score tied in the ninth and two down, Finn and Paul singled. Finn scored when Dalbeck's grounder was muffed by the shortstop, and Paul raced home when Dalbeck drew a throw at second base.

Against Mississippi A. & M. the following Monday the Illini had to be content with a 6 to 6 verdict after winning and losing the ball game three times during the struggle. Don Andrews started on the pitcher's mound and lasted eight innings.

Sterling pitching by Desmond on the following day enabled Illinois to win its second victory of the trip. He allowed four scattered hits to the Mississippi A. & M. batters and was given perfect support in the field by his teammates in the 4 to 2 win.

PAUL THROWS OUT BURBRIDGE AT FIRST

Finn

Radford

BUCKEYES TRIUMPH OVER ILLINI

*Alabama Wins Two*

ALABAMA handed Illinois its first defeat of the season by taking advantage of an off-day for Bud Stewart and some miscues in the Illinois outfield. A long fly that went for a double, an error, a base on balls, and two singles allowed the Alabama collegians to score three times. Illinois tied the score in the fifth inning. A single by Paul, a walk to Sweeney, a one-base hit by Finn, a sacrifice fly by Dorn, and George Hoffman's first hit of the trip enabled the Illini to score again in the ninth, but a double play closed the game. The following day, Coach Carl Lundgren used 13 players in an effort to subdue the Alabama nine, but Illinois was on the small end of a 9 to 2 score when the game ended.

Moving over to Auburn, the Illini fared no better and were downed by the Auburn Polytechnic sluggers, 12 to 5. Desmond and McMurtrie took the punishment in this game. Illinois defeated Auburn in the second game of the series, by staging a three-run rally in the ninth inning. The score was 11 to 9. That victory ended the Illinois trip into the Southland because it rained the next day at Lexington and the final game with the University of Kentucky was cancelled.

MICHIGAN 6; ILLINOIS 0

Shaw

*Victories over Purdue and Iowa*

Dahlbeck

OPENING the conference season against Purdue, after playing a 10 to 10 tie two days before with the Bradley Polytechnic boys, the Illini emerged victorious with a 4 to 3 verdict. Bud Stewart, pitching before a hostile crowd of Hoosiers, allowed the Boilermakers only six hits and after the second inning held them scoreless. Purdue scored twice in the first inning on two singles and a triple, and once in the second on a single and an error. Ernie Dorn drove in two runs in the fourth inning and Sweeney tied the score the following inning when he scored Hoffman on a hit. Dick Finn broke the tie and gave Illinois a one-run victory by slamming out a triple in the ninth with Norm Radford on base.

The best Iowa could do against Don Andrews in the second conference encounter for Illinois was to get four singles and one run. Three one-base blows were bunched in the seventh for the small end of a 6–1 score. Pinkey Bryden scored two runs for the Illini in the third by bagging a double with the bases full, and Earl Paul's triple a moment later with two on, scored another pair. Two more runs later seeped across the plate.

HOFFMAN SINGLES TO CENTER

Andrews

Dorn

THEY WATCHED ILLINI DOWN BADGERS

*Illinois Takes Big Ten Lead*

AGAINST the Chicago Maroons in the third conference tilt, the Illini found little opposition and romped away with an easy 12 to 3 victory to take the lead in the Big Ten race. Bud Stewart tended to the pitching that day and little else was needed, but the Illinois batters brought in run after run. The whole Illinois team enjoyed a trip to the plate in the sixth inning when they scored five runs. Finn and Bryden enjoyed the pitching of the Chicago hurlers to the extent of three hits each.

Big Bud Stewart pitched and batted the Illinois team to its fourth conference victory when the Wisconsin Badgers invaded Illinois field on April 30. Stewart was the ball game that day. He clouted a triple with two teammates on base in the second inning, and allowed the Badgers only two runs despite four errors committed by the Illinois players. The Illini ace was hit rather freely, but when Wisconsin runners were on base he tightened up and forced the invaders back without scoring.

Inability to produce with runners on base cost the Illinois team a 3 to 0 game with Notre Dame on May 4. Eleven men were left on bases that day while the Irish took advantage of their five hits to score off Andrews and Desmond.

Gundlach

McMurtrie

SWEENEY BEATS OUT INFIELD TAP

ILLINOIS, 1; IOWA, 1

Desmond

Sweeney

*Victory; Tie; Defeat*

PLAYING an excellent brand of ball behind the pitching of Stewart, the Illinois baseball team garnered its fifth straight conference victory over Michigan at Ann Arbor on May 7. The Wolverines were downed by a 6 to 1 score. Finn, Dorn, and Sweeney furnished the drive that day. Finn and Dorn made three hits each and Sweeney made two safe blows, one of them a home run.

Iowa engaged the Illini May 12 on Illinois field and the pennant chasing Illinois ball club only marked time in the race for the title. The game ended in a nine inning 1–1 tie. Glassgow scored the only run for Iowa in the second inning when Gibbs got a double with two down. Illinois retrieved that run in the next inning. Finn walked and advanced to second on Dorn's infield out. From third, where he had moved following Mulroney's balk, he scored on Gribble's Texas leaguer. The blows needed were not forthcoming and the Illinois nine had to be content with a tie.

Michigan gained revenge for the 6–1 defeat at Ann Arbor when Don Miller let the Illini down with a 6–0 defeat.

BRYDEN POLES ONE TO LEFT

Hoffman

Hinze

FACING A HOT SUN TO WATCH THE ILLINI

*Errors Give Ohio Victory in Final Game*

AN ERROR by the leading Big Ten pitcher in the eleventh inning caused the downfall of Illinois at Madison by a 1 to 0 score. With one down in the fateful frame Stewart fumbled a hard drive from the bat of Decker, Badger shortstop. He rested on first while Donagan was retired, moved to third on Burbridge's single, and scored on Larson's safe blow.

Chicago lost to the Illini the following day, 6–4. Illinois battled along for nine innings, and only the last out by the Maroons clinched the victory. At that time the tying runs rested on the bases and Bud Stewart retired three Maroon batters without additional scoring. The Illini went into the ninth with a 4–3 lead and added two more for good measure.

Four Illini errors which allowed four Buckeyes to score gave Ohio State a 5–2 victory in a game which Don Andrews tried to win. While Andrews yielded 10 hits during his stay on the mound and accounted for two of the four errors, his teammates continued their weak hitting, getting only three safe blows.

The 5–2 victory for Ohio State was the final stand made by Illinois in the 1927 season. Rain prevented the last encounter with Purdue on Illinois field.

# MINOR SPORTS

PAUL PREHN
*Coach*

# VARSITY WRESTLING

ANOTHER Big Ten championship. That's what it means to Coach Paul Prehn and to the University of Illinois. Just another crown for Paul Prehn who has brought five successive titles to Illinois in as many years and whose record shows seven conference championships in nine years at the University. Only three veterans returned as a nucleus for the 1928 Illinois wrestling team, but when the season opened Prehn had his usual strong outfit and when it closed he had the usual championship.

An impressive showing was made at the first appearance of the Varsity, in a dual meet with Missouri. Illinois won the meet, 24 to 3, over a squad which was supposed to be one of the strongest in the Missouri Valley. Then between semesters Coach Prehn took seven Illini to Morgantown, West Virginia. Here the second defeat was worse than the first for the opponents, the Prehnmen winning from the West Virginians 25 to 0. Webster and Muegge provided the falls for the meet and Captain Pete Hesmer scored an impressive victory over Cox.

HESMER
*Captain*

Morrison

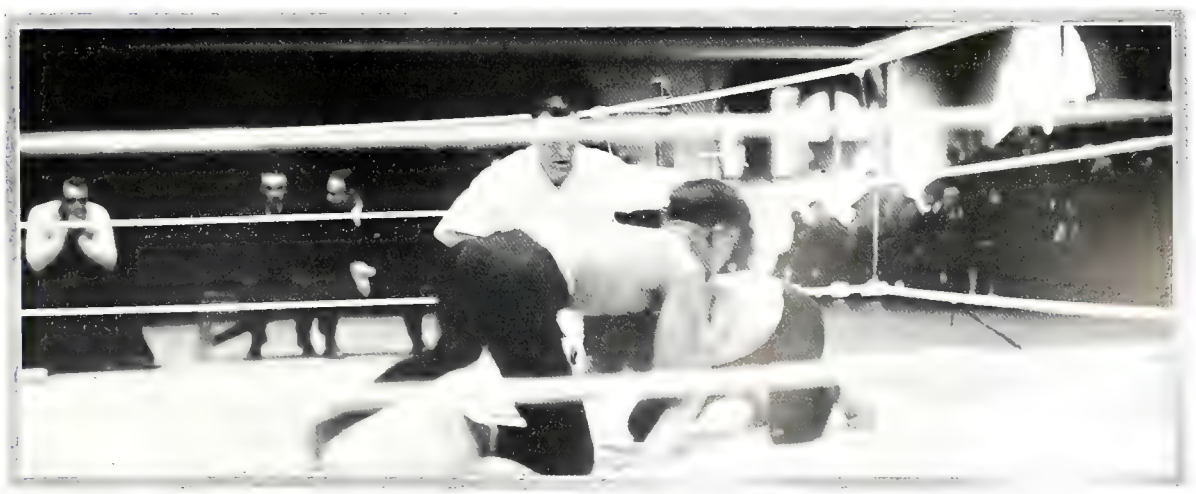

Then the conference season opened at Minnesota and Illinois won easily, 20 1/2 to 6 1/2. Wisconsin invaded the Gym Annex for the second meet and met the fate of the others, 18 1/2 to 4 1/2. Allie Morrison won the only fall of the meet by pinning Stetson in 7 minutes and 42 seconds.

Traveling to Chicago the following week-end the Varsity defeated the Maroons, 22 to 5. Morrison and Ralph Webster aided by taking their matches by falls, while Campbell won from an opposing captain for the third time during the season.

Illinois earned the right to compete in the championship match with Michigan by defeating Iowa in the Gym Annex by a 24 to 3 decision. Morrison, Crane, and Webster won bouts by falls in that victory.

For the second consecutive season Illinois and Michigan met to settle the championship of the Big Ten.

Wrestling in the Big Ten individual matches at Bloomington, Indiana, Allie Morrison, N. A. A. U. Champion, won another title by winning the championship in the 135-pound class. Joe Sapora finished second in the featherweight, while Flood and Fitz finished third in their divisions, the 145 and heavyweight.

FIGHTING FOR A TIME ADVANTAGE

# VARSITY TENNIS

ILLINOIS tennis players met five conference foes and were victorious over four during the 1927 season. They lost the chance at the Big Ten title because a deciding match with Michigan was cancelled on account of rain and the Wolverines were recognized as champions.

Winning every singles match and one doubles the Illini opened the season with an impressive 6–1 victory over Wisconsin. Bard, O'Connell, Travis, Rodriguez, and Clark were the victors in the individual contests, and O'Connell and Bard paired to win the sixth match.

Minnesota defeated the champion Illinois netmen the first and only time during the season by taking four of the seven matches. Bard and Travis were victors again, while the same doubles combination that won in its initial start was victorious.

Smarting from the defeat handed them by the Gophers the netmen trounced Chicago's best by a 7–0 margin in their next match and followed that with a victory over Ohio State by a similar score.

O'Connell

# VARSITY TENNIS

For the third time in 30 years a champion repeated in the individual tennis tournament play of the Big Ten conference. Tim O'Connell, captain-elect of the Illinois team, won the singles title for the second successive year by defeating Boldenwick of Wisconsin in the finals match.

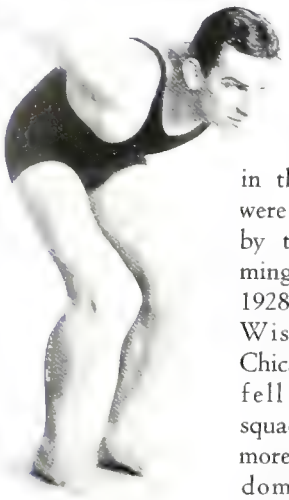

The doubles team of O'Connell and Captain Reggie Bard went to the finals, but were downed by Michigan and forced to accept a second place position. Forced to play two doubles matches and with O'Connell winning the singles title on the same day, the tired Illini fell, but only after a rally which at one time threatened to bring victory despite the fatigue.

Then came the rain in Urbana and the final match with Michigan was cancelled, leaving the Illini with a record lower than that held by the Wolverines and without any reconciliation possible.

O'CONNELL MAKES ACCURATE RETURN

# VARSITY SWIMMIMG

GROH
*Captain*

VICTORIES in five conference dual meets and a tie for fourth place in the Big Ten meet were the honors reaped by the Illinois swimming team during the 1928 season. Purdue, Wisconsin, Indiana, Chicago, and Iowa all fell before an Illini squad on which sophomores and juniors predominated. Second place by Holbrook in the 200-yard breast stroke race and fourth for Captain Groh in the fancy diving gave Illinois its only points in the conference meet which Michigan swept to victory by scoring 59 points as five conference and two national inter-collegiate records fell.

Notre Dame opened the season against the Manleymen and was defeated when the Illini took every first place, winning the meet, 58–11. The next day a trip to Lafayette gave Illinois its first conference win when Purdue was defeated, 48 to 21. Garnering first place in every event except the 200-yard relay Illinois won a 47 to 22 victory over Wisconsin one week later.

With Captain Groh turning in his best diving performance of the season and with his team mates swimming in their usual style, Indiana was the next victim in a 50–19 defeat. Holbrook shattered the conference record in the breast stroke in the Chicago meet which the Illini won for their fourth straight victory. Iowa closed the dual meet season and proved no better than other opponents.

In the dual meet competition two Illini were undefeated. "Peanuts" Holbrook in his first intercollegiate competition defeated five Big Ten foes, including Captain Carter of Iowa, 1927 conference champion. Holbrook lost first place in the conference meet when Wagner of Michigan beat him by a touch at the finish mark.

Captain "Heinie" Groh, 1927 conference diving champion, enjoyed a successful season until the Big Ten meet at Minneapolis, where he finished fourth. He was not in the best shape at that time because of illness.

# VARSITY WATER POLO

FIVE conference victories gave Illinois another tie for championship in water polo. The Illini finished the season with victories over Purdue, Wisconsin, Indiana, Chicago, and Iowa, winning all contests in decisive manner; but Northwestern, playing only a four-game schedule, also defeated all of its foes for an equal claim to the title.

With four veterans back at the opening of the season, Coach Ed Manley built a team that was even stronger than the 1927 season edition. Captain Harry Kinne and Groh were the forwards returning, while Aron and Blackman, guards, gave the Illinois coach good material to build around. Webster was found suitable for forward and Schroeder and Shattuck were used at the guard positions. Isenberg protected the Illinois goal.

Kinne led his team to a 14 to 1 victory in the opening contest with Purdue. Blackman and Groh also contributed with four and three field goals respectively. Kinne and Groh were largely responsible for the next Illinois victory. The Wisconsin team lost, 10 to 2. Indiana was the next victim. Groh sneaked through the Hoosier defense for half the points scored by his team in the 12 to 1 victory.

Chicago, who put the Illini out of the running for the 1927 title, did not fare so well this season. The Maroons did penetrate the Illinois defense for three points, the most scored by any conference team during the season, but the Illini scored twice that number for a 6 to 3 victory.

While the defense by Blackman, Aron, and Schroeder held Iowa scoreless, Illinois won its claim to the title in the final meet, defeating the Hawkeyes, 5 to 0. Besides his stellar defensive game, Blackman scored three of the five goals.

# VARSITY GOLF

SWANK
*Coach*

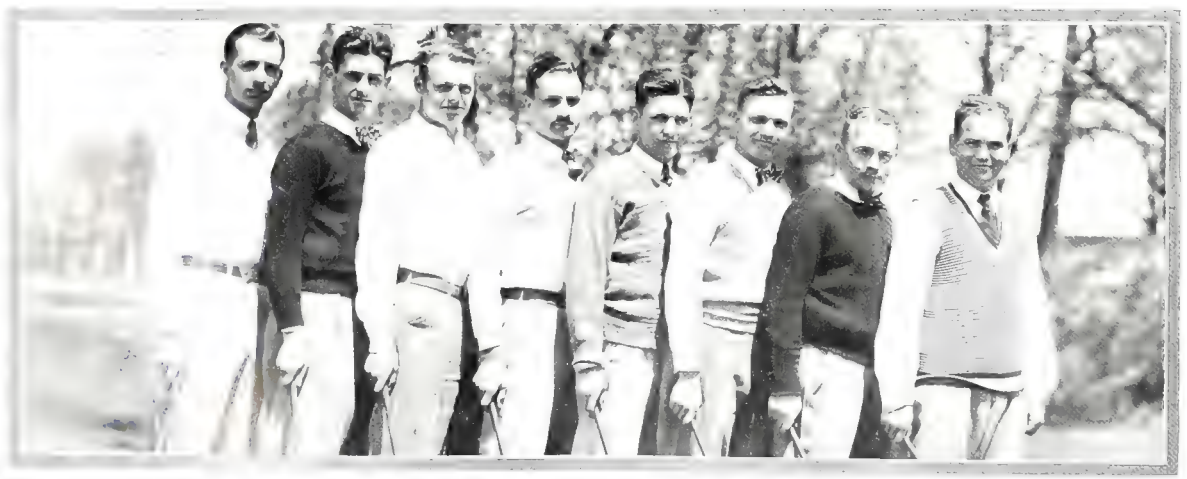

FOUR Illinois golf players won another title for the Orange and Blue, in the Big Ten conference meet which was held on the Tam-O'Shanter links in Evanston. The ILLINI led the field by their consistent playing, were holding the advantage at the end of the first 18 holes over other competitors, and then carried through with a drive that brought another championship to Illinois.

Illinois won the championship by scoring 1,305 points to lead Chicago and Michigan who tied for second place. Bill Tewksbury took third place in the individual scoring.

In dual competition the Illini didn't fare so well, winning only three of the five encounters with other conference foes. The dual meet season was opened on May 7 with the Michigan golfers, and the result was a five point margin victory for the Wolverines.

After the disasterous start against Michigan, the team, coached by Dave Swank, came back and won the next two Big Ten meets. Ohio State was the first to lose and the Buckeyes were overwhelmingly defeated by Illinois by a 22½ to 1½ score. Then Purdue was encountered and the Boilermakers took the small end of a 19 to 5 score.

On May 22 the Swankmen lost to the Chicago golfers by a score almost as bad as had been the margin of victory over Purdue.

# VARSITY GYMNASTS

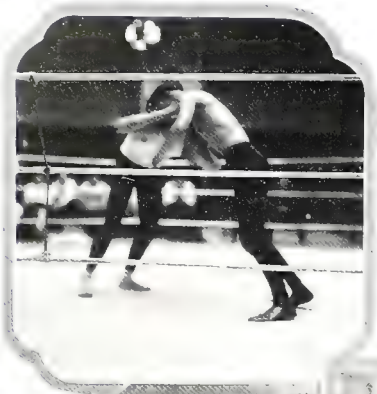

THREE dual meet victories, third in the conference meet, and Fulton's win in the tumbling event were the honors garnered by the 1928 gymnastic team. The Illini finished behind Chicago and Wisconsin in the Big Ten competition. A well-balanced team enabled the Illini to chalk up their first victory in a triangular meet with Iowa and Minnesota. Chicago trounced the Illini the following week, then Ohio State lost to the Illini outfit. Purdue was downed in the final contest.

# VARSITY FENCING

SECOND place in the Big Ten meet and Captain Goddard's first place in the epee were the chief honors acquired by the Illinois fencers. The second place came as a surprise after a dismal season with dual meet opponents. To aid in the conference meet Clinton took second in the sabres and Levin tied for fifth. Getting away to a very poor start the Illini lost their first three dual meets to Chicago, Ohio State, and Michigan, then one week prior to the conference meet, rose and defeated the invading Purdue fencers. Levin and Knox clinched the 11 to 6 victory over the Boilermakers.

# INTRAMURAL

"ATHLETICS for all" becomes more and more a reality as the years roll by, and the 1927-1928 season has proven no exception. More students have participated in every sport held this year, an additional event was added to the Intramural program, and more equipment has been provided the I-M officials. Director Ed Manley and Senior Manager M. B. Morse have successfully carried forward the University student athletic program to the point where the sport activities near a true representation of the spirit of Intramural sports. Five new basketball courts in the west hall of the Memorial Stadium were completed in February. Cross-country runners were given an opportunity to compete in I-M sports for the first time in years.

FOLLOWING are pages devoted exclusively to women, about which the editors know nothing. We think that perhaps their chief activities are not herein represented. These pages are perhaps the most important in the book, with the exception of those devoted to sororities. These latter of course are always the most thumbed over in the ILLIO. Mere man fails sometimes to realize the extent and organization of those activities at Illinois which are particularly women's activities, especially women's athletics. We see the er—bloomer-clad Illinae disappear mysteriously beyond the Auditorium and the old tennis courts. We hear the clatter of china in the Woman's Building where great quantities of tea must be absorbed. We enjoy the May Fete. The activities of which we are cognizant are few in number.

FRANCES McGINNIS

# WOMAN'S LEAGUE

Woman's League is an organization composed of the entire body of student women. Its function is to serve the varied interests of the university women, and to bind them in closer bonds of friendship. The Orange, Blue and Gold Feather organizations help develop the leadership and initiative of the underclass women. Friendship is fostered through the many All-University and Inter-Illini parties sponsored by Woman's League.

GOLD Feathers has as its ideal the development of those qualities of leadership, democracy, and friendship which will enable sophomore women to become successful campus leaders. This aim, together with the Scholarship Fund maintained for needy university women, has given it a worthy place among organizations on the campus, although it is still in its infancy.

MISS FREER

# W. A. A.

THE Woman's Athletic Association is an organization of University women who are primarily interested in sports and athletics, and whose purpose it is to promote health education and to foster an interest and participation in games and all forms of physical activity which make for mental and physical efficiency.

Since the inauguration of a four-sport season year the organization has grown until the present roll includes 150 women.

Interclass sports sponsored by W. A. A. are hockey, soccer, basketball, volleyball, swimming, baseball, tennis, apparatus, bowling, hiking, and track. In addition to sports, "Sans Souci," the annual fall get-acquainted party for all University women, Health Week, May Fete, and various sport banquets comprise the activities of W. A. A. on the campus. The year's work culminates in the final spring banquet, at which time all major awards are made.

Douglas Huntoon Supple

# MAJOR I. A. GIRLS

Elinor Parmelee

Mary Douglass

Rachel Thompson

Dorothy McClure

Rebecca Weinstein

Frances Ash

Cleo Tanner

# GOLD SEAL GIRLS

Mary Douglass

Rebecca Weinstein

Cleo Tanner

Virginia Supple

THE highest honor that W. A. A. awards is the Gold Seal, given to those girls who have earned 2000 points through participation in the different sports. This year the largest number ever to have attained the goal received Gold Seals. Five girls merit the honor. They are Mary Douglass, Virginia Supple, Ruth Blount, Rebecca Weinstein, and Cleo Tanner.

A girl who earns 600 points receives a minor IA; one who earns 1200 points is awarded her major IA.

# HOCKEY

HOCKEY always summons hosts of ball and stick enthusiasts, especially among the freshmen. This year the strong senior team, which has been an organization intact for practically four years, easily won the tournament. Their records show only one defeat in four years of play and include three championships.

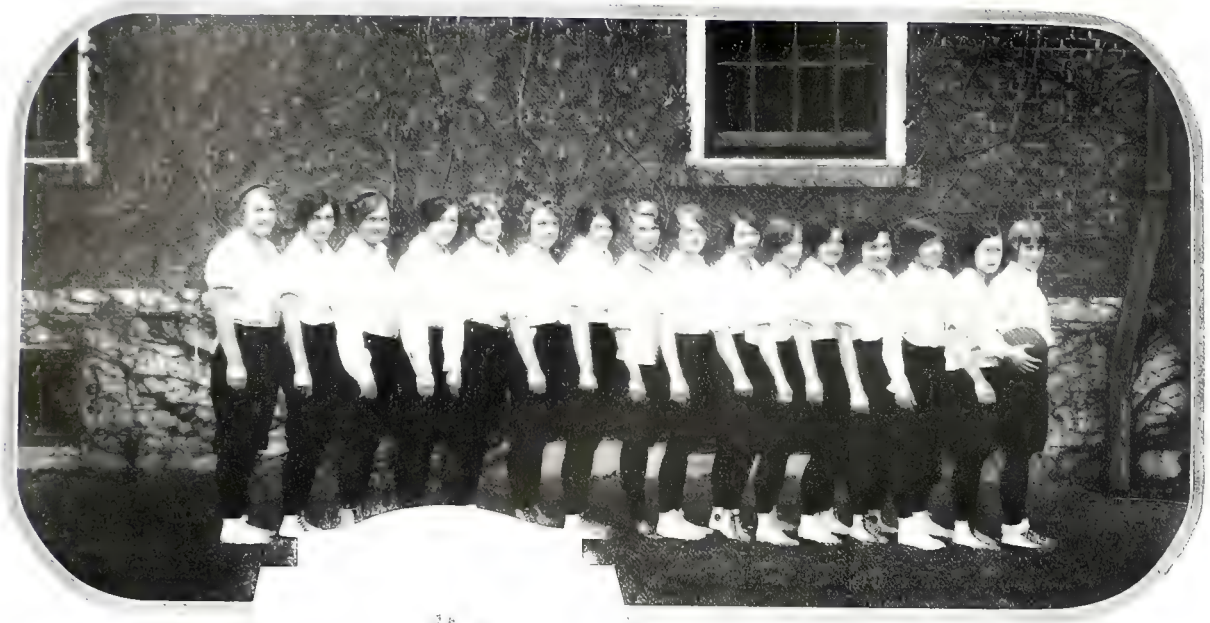

# TRACK

BOTH interclass and telegraphic track meets with other Big Ten schools are sponsored by W. A. A. In the interclass tournament of 1927 the freshmen and sophomores tied for the championship with a score of 33–33. This meet was also a telegraphic meet with Ohio, Northwestern, and Wisconsin.

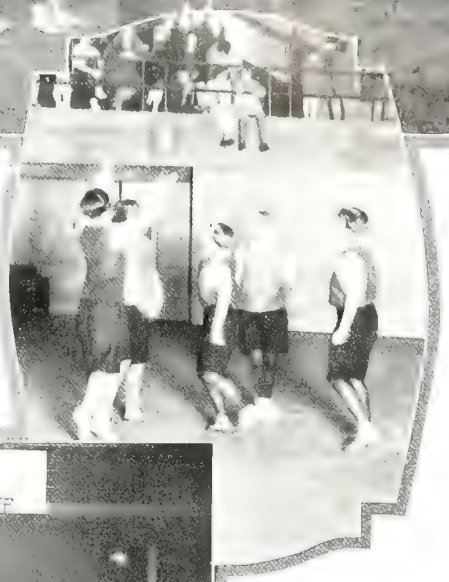

## SOCCER

THIS is the second season for soccer as a major sport and from the standpoint of enthusiasm and fun it was extremely successful. The championship sophomore team disregarded rain, mud, and the highly touted abilities of their upperclass opponents. Their consistent team play won first place in the double round tournament.

# BASKETBALL

WHEN nearly 250 women turn out for basketball practice it is a difficult task to get the best individuals and combinations sifted out to make four class teams and numerous "color" teams. In 1928 the sophomore team hung up a record of five wins and one defeat to win the championship.

# BASEBALL

BASEBALL affords the feminine diamond fan an opportunity to work off any excess exuberance, and judging from the noise and pep at any interclass game there are plenty of fans. In 1927 the freshman and sophomores tied for the championship, each team winning two and losing one game. The baseball varsity was picked from the best players from each of the four class teams.

# MINOR SPORTS

BOWLING, golf, tennis, and hiking are the minor sports of W. A. A. and the co-eds are few who do not become enthusiastic over play on the alleys, the links, the tennis courts, and the W. A. A. field. Hiking has proved interesting. To add variety numerous innovations are offered in the form of treasure hunts, cross-country and moonlight hikes, bacon and egg breakfast bats, and bicycle hikes.

# SWIMMING

THE Women's Life Saving Club of the University of Illinois was organized for the purpose of developing the sentiment and facilities for safeguarding human life from drowning. The Club is open to all girls who have passed the senior life saving examination of the American Red Cross. The present enrollment is fifty-five.

# TERRAPIN CLUB

TERRAPIN Club is an honorary swimming organization for women. Its purpose is to promote interest in swimming among university women. The requirements for entrance to the organization are rigid tests which can be passed by only high class swimmers.

Each year on Mother's Day, Terrapin Club presents a carnival in which the public is becoming increasingly interested.

## AESTHETIC DANCING

Self-expression is one of the fundamental needs of man through which he experiences the joy of freedom and rhythm. The dance, through the development of the body, tends to eliminate as many obstacles as possible and to develop love of beauty.

## AESTHETIC DANCING

The dance creates an appreciation of the artistic, stimulation of the imagination, and refines the emotions and the social side of the individual, resulting in a keener understanding of the world, a more sympathetic and finer person.

WE BELIEVE that few universities can claim as well organized and highly developed systems of student activities as Illinois. Year by year the number of students engaging in some form of activity increases. Alumni tell us of the day when an individual might engage in four or five kinds of activity and become prominent in them all. That day is no more. Year by year the competition becomes keener; the race is to the swift. One must devote himself to a particular branch and that not half-heartedly. The benefits to be derived from participation are well known. The editor of the Illini probably gets essentially the same as the man who for three years is the knock on the door in dramatic productions. In most cases the desire for glory is the chief motivation. This glory, however, has great price.

# REPRESENTATIVE ILLINI

FOLLOWING the precedent set by the 1928 ILLIO of recognizing meritorious accomplishment among the undergraduates, we present four men and four women chosen by an impartial committee as outstanding Illinois seniors. The records of these students during their four years reveal that unusual ability and accomplishment which marks them as truly representative Illini.

*Photographs by courtesy of*

Maida Bartholomew has been constantly interested in all phases of campus activities throughout her four years, winning for herself innumerable friends and achieving noteworthy success in all her endeavors through enthusiastic and conscientious work.

That Frances McGinnis has shown unusual ability as an ardent worker and leader in all phases of campus activities, where she has made hundreds of friends, is attested by her membership in Mortar Board and her election to the presidency of the Woman's League.

Robert Reitsch has found favor as a true Illini by showing the qualities of a real fighter, a natural leader, and a staunch friend in captaining the Football Team through to the Conference Championship and winning for himself the honored position of center on Andy Kerr's Eastern eleven.

Richard Finn's college career has been four years of well-rounded activity built upon friendship, brilliant scholarship, and outstanding work, making him a worthy member of Phi Beta Kappa, an able Captain of the Baseball Team, and a notable President of the Senior Class.

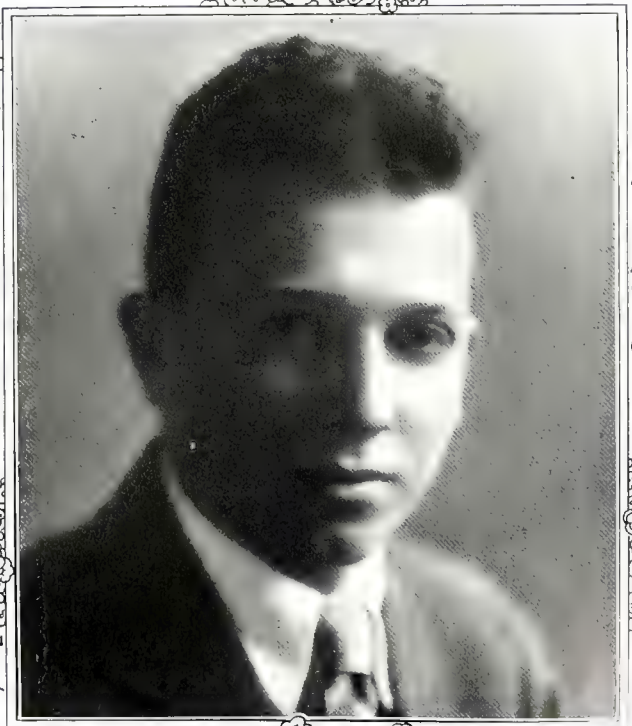

Besides maintaining a record of high scholarship, Clyde Johnson has been the exemplification of such reliability in newspaper activities as to earn for himself the respect and friendship of his fellow students and the responsible duties of Chief News Editor of The Daily Illini.

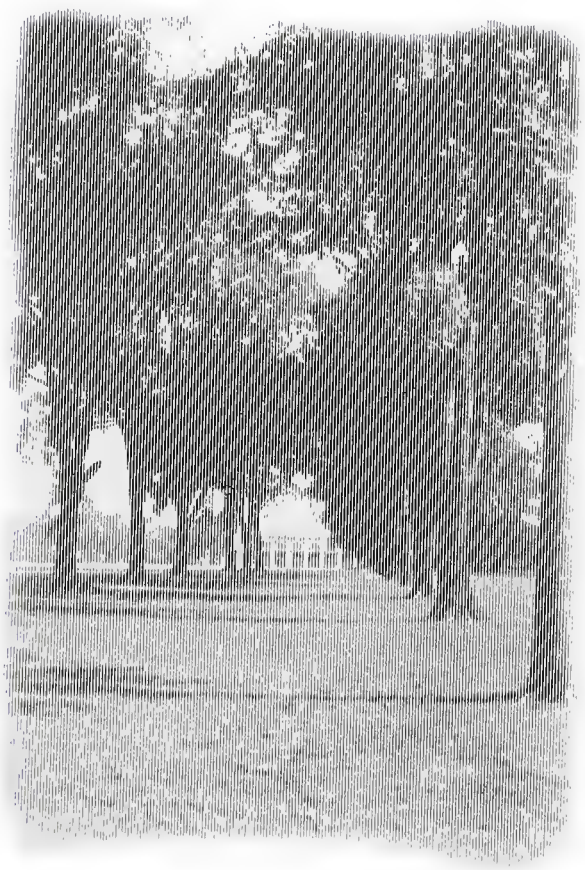

Betty Turnell has not only maintained a standard of scholarship so high, during her four years, as to warrant her election to Phi Beta Kappa but she has also played a prominent enough part in many woman's activities to be awarded membership in Mortar Board.

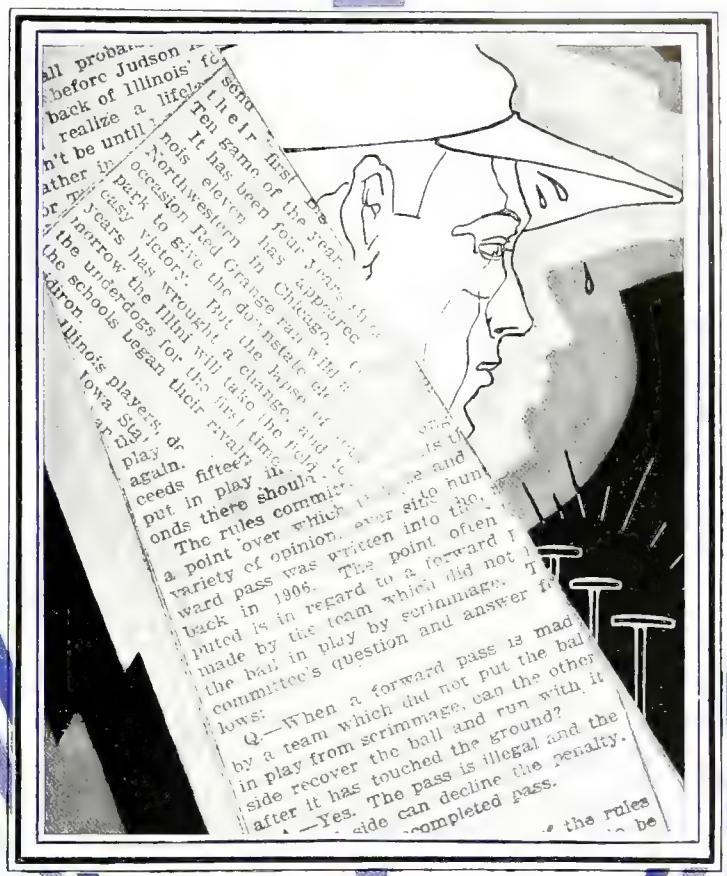

During her four years Ruth Blount has made a scholastic record of such excellence as to merit her election to Phi Beta Kappa in addition to her recognition by Mortar Board as an industrious and enthusiastic worker in many activities, especially in woman's athletics.

In addition to maintaining a high scholastic average Bruce Morse has shown himself to be a man of widely varied interests, making himself generally known on the campus and receiving recognition in intramural athletic activities by his appointment as Senior Manager.

THE ILLIO OF 1929

PUBLICATIONS

SINCE 1871 the growth and development of Publications has been intertwined with the growth and development of the University. Thus the history of Publications is a part of the history of the University, a part, moreover, to which we can point with pride. Not only have we an extensive and well organized system, but our plan for the production and government of student publications through the Illini Publishing Company with the Illini Board of Control at the head has been accepted and followed throughout the universities and colleges of the country. Thus Illinois has taken the lead in one of the most important of campus activities—one of the most important because of the large number of students interested in Campus Publications; because it is through Publications that the student body is more closely coordinated and student thought influenced; and finally because it is through Publications that the outside world becomes acquainted with the University activities, the University life, and therefore the University itself. In congratulating Illinois we must not forget to congratulate also Dean Thomas Arkle Clark, who was the first to realize the real importance of Publications and who has been one of the most active in their advancement.

DEAN THOMAS ARKLE CLARK

DEAN CLARK'S resignation from the Illini Board of Control last September, marked the end of over nineteen years of service as an outstanding member of that body. From the founding of the board in 1908, when it controlled only The Daily Illini, until his resignation in 1927, his services were invaluable, since he was at the same time a member of the Council of Administration and in very close touch with student activities. He brought to bear upon the problems of the board not only his wide experience and intimate knowledge of both faculty and student affairs, but also his consummate executive and administrative ability. These same qualifications served the board with a steadiness and resourcefulness of untold value, and no small part of his worth lay in his understanding of the undergraduate student. It is not difficult to believe, then, that the problems of the board would never have been so satisfactorily settled or its success so readily achieved had it not been for the ability, understanding, and guidance of Dean Clark.

PROF. SCOVILL

# THE ILLINI BOARD OF CONTROL

BOARD OF DIRECTORS

Prof. H. T. SCOVILL, *Chairman*

| | | | |
|---|---|---|---|
| Prof. O. A. Leutwiler | Dean A. J. Harno | Asst. Dean F. H. Turner | R. A. Connor |
| R. T. Ticknor | H. G. Roberts | Alice McGinty | |

THE Illini Board of Control, composed of four faculty members and four student members, was founded in 1908. It was the purpose of this board to appoint the editors and business managers of The Daily Illini as well as to determine matters of its general policy. This was a new and radical departure from tradition and the problems of the board were manifold. A large proportion of the students and faculty thought that the new scheme of things deprived students of their rights, robbed them of all chances to exercise their own initiative, and throttled their freedom of expression. Nevertheless, the board proved successful in spite of these problems and finally took over other publications, at the same time acquiring new responsibilities.

That the achievements of this body have not been ephemeral or insignificant is evinced by the interest that is now shown in campus publications as well as by the high standards that are maintained in them, and, although the board may be said to govern the policy of the various publications, it does not in any way hinder the originality, initiative, or executive power of the student editors or managers.

Dean [illegible] Prof. Leutwiler Dean Harno

V. L. KRANNERT

# THE ILLINI PUBLISHING COMPANY

V. L. KRANNERT *Company Manager*

THE Illini Publishing Company, established for the purpose of conducting the student publications, employs a general manager who carries on the business affairs of the company and is business advisor to all the publication managers. The various publications, with the exception of the ILLIO, are organized and printed in the company's own plant in the Illinois Union Building, and it is here that The Daily Illini is made up at night by news editors, copy-readers and proof-readers.

The copy for the editorial departments of The Daily Illini and the ILLIO is written and prepared in the editorial offices in the basement of University Hall. The method of organization and management of the Illini Publishing Company has been used as a model by many universities.

# THE CLARK-SCOTT DINNER

On April 18, 1928, a dinner was given by the directors of the Illini Publishing Company in honor of Dean Thomas Arkle Clark and Doctor Frank W. Scott. These men were the organizers of the Publishing Company, and previous to its organization were instrumental in establishing campus publications. Dr. Scott is now Editor-in-Chief of the D. C. Heath Company of New York. Present and past editors of campus publications attended and many were the anecdotes related of the early days of publications.

THE *Illinois Magazine*, published bi-weekly throughout the school year, holds a unique place among campus publications in that it is two-fold in nature. It is both a literary review and a general magazine, limited in scope only by the interests of discriminating readers. In aim, the magazine attempts to provide a medium for student writing, whether it be essays, poetry, short stories, criticism or features. Its editorial "flag" extends a universal welcome to both student and faculty contributions.

## THE BUTTER AND EGG MAN

"The Butter and Egg Man," Mask and Bauble's Homecoming play, was presented on October 29 in the Auditorium. The cast was well chosen and their excellent performance under the able coaching of J. Wesley Swanson was responsible for the enthusiastic reception of the play.

## THE GREAT GALEOTO

"The Great Galeoto" was presented by Mask and Bauble on March 3 in the Auditorium. It was certainly a play of the emotions—"a tragedy of the idle gossips"—in which every detail contributed to the development of the theme. The setting was in Spain and the scenery did much toward producing the necessary Spanish atmosphere.

*"If one person sees you together a hundred times, it's the same as a hundred people seeing you once"*

*"This is the life"*

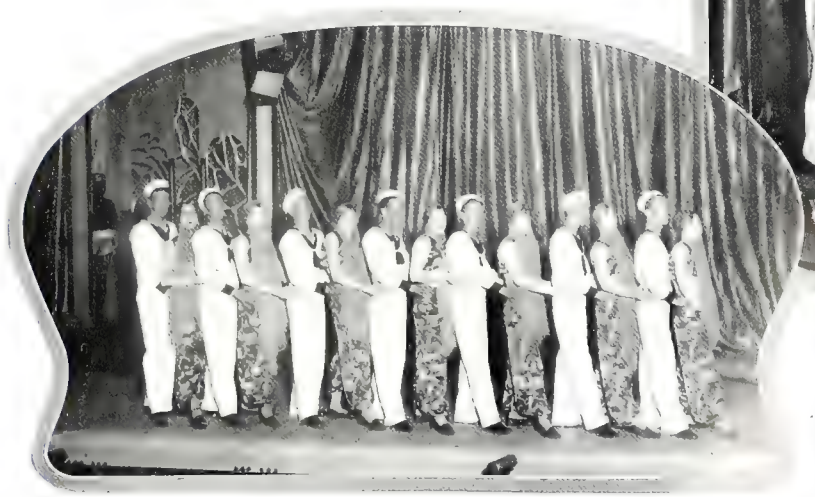

## NADA

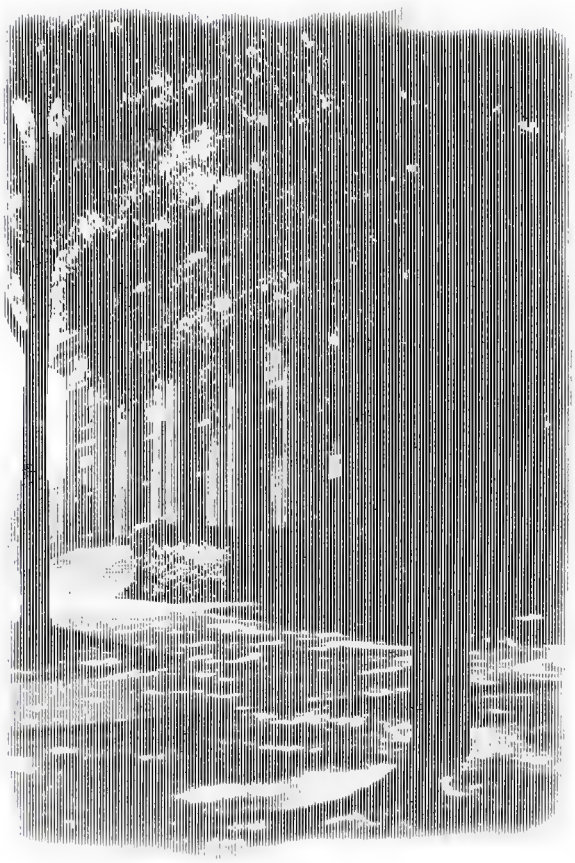

"Nada," which was presented by Pierrots on March 30 and 31 in the Auditorium, bids fair, with its catchy music, and oriental atmosphere, to bring back the days of student opera.

The play itself is one of those light operas in which there are all sorts of plots and counter plots built about a sultan's harem.

"Nada" is the product of student talent, the music being written by Hall Macklin '30, and the book and lyrics by S. B. Adsit '29.

# JUNIOR PROM

W. G. W. Glos  Florence Goodenough

OUTSIDE the New Gymnasium the blatant squawk of a taxi broke the spell of that December evening, with its crystal-glistening trees and crescent moon. But not even the strains of jazz could lessen the charm of exotic night in that strange chrysanthemum land where Jack Chapman's orchestra played before 650 couples. Heavy, blue skies, rose moonlight, tuxedoes, and taffeta—they made the Junior Prom.

"THE University of Illinois Band has the largest instrumentation of any similar organization, and many foreign musical compositions have been played in this country for the first time by Director Harding and his cohorts." So says the Chicago Sunday Tribune of February 26, 1928, in a long article praising the achievements of Prof. A. A. Harding, Director of the Bands since 1906. Five instrumental-music organizations are maintained by the University: The Concert Band, the First Regimental Band, the Second Regimental Band, the University Orchestra, and the Second Orchestra. Places in all of the groups are determined on a competitive basis. Service in the bands supplants the two years of required military work. Juniors and Seniors who have attained membership in the Concert or First Regiment Bands receive scholarships amounting to the term fees for a year, as required of students who are residents of Illinois.

The Regimental Bands and the Second Orchestra develop players for the Concert Band and the University Orchestra, where a high standard of efficiency is required for the more difficult symphonic numbers played by these latter organizations. In addition to numerous concerts on the campus, including the popular spring twilight concerts, the Concert Band makes an annual tour of mid-western cities. The Bands also play for the major athletic events. A most varied and unique collection of band instruments, and an especially fine collection of band music mark the facilities of the University Band department as the largest and most complete of any in the United States.

THE University Choral Society is the largest choral organization on the campus. The membership numbers two hundred. Of this number the majority are students, although there are faculty members and musicians from the community in sufficient numbers to form a permanent nucleus of the chorus. The Society gives three concerts each year. This season the annual Christmas performance of Handel's "Messiah" was given in December. In January the Society gave a performance of the oratorio "The Dream of Gerontius," by Sir Edward Elgar, with Lambert Murphy of New York City as guest soloist. In May the Society gave Coleridge-Taylor's "Hiawatha," with orchestral accompaniment. Director Frederic B. Stiven of the School of Music is the conductor of the organization.

STAFF ASSISTANTS

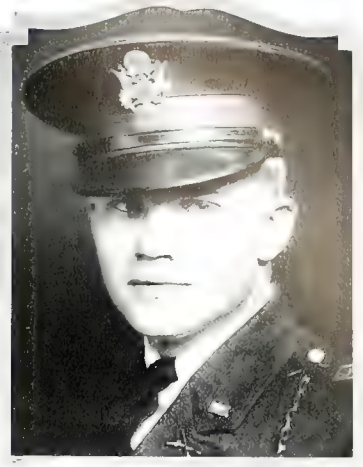

Lt Holly Lt Lewis

UNDER the Act of Congress, June 3, 1916, the Reserve Officers' Training Corps was established at the University of Illinois. It has now grown to a reinforced brigade containing nearly all branches of the service. Two courses in military training are offered to the students. The basic course trains a man in the fundamental work and fits him for the position of sergeant or corporal in the Organized Reserves at the end of his two years of work. The advanced course is a continuation of the basic course, but a man with a certain prescribed military history may enter without the basic course as a prerequisite. From the advanced course come our cadet officers who rank up to, and include, the cadet colonel and are given rank and advanced as rapidly as ability and diligence permit.

UNITED STATES ARMY OFFICERS

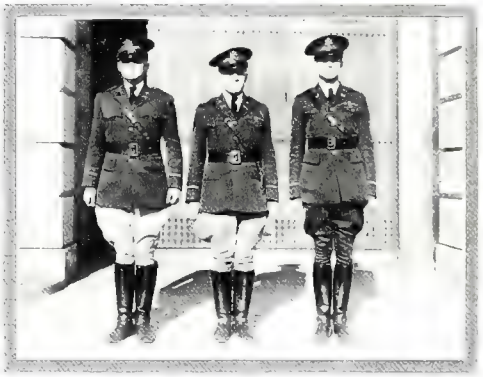

H. L. WINTER
*Student Colonel*

THE six branches included in the reinforced brigade consist of Infantry, Cavalry, Artillery, Engineers, Air Service, and Signal Corps. The men are given an extensive and intensive training in the unit in which they belong and a brief resumé of the work of other branches.

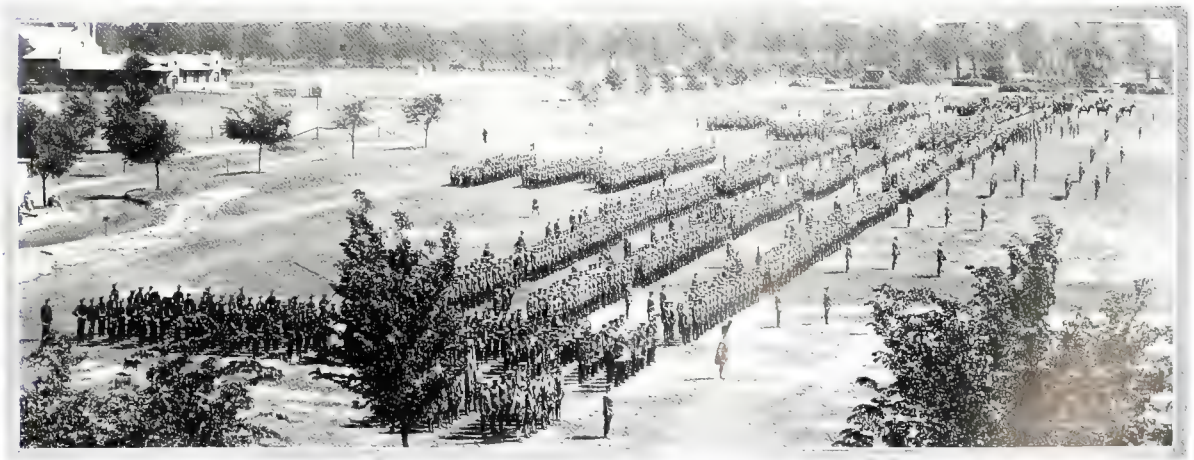

A summer training period of six weeks is offered at which the embryo officer may put into practice the theoretic work learned throughout the school year. Upon the completion of the two-year advanced course, the men are given commissions by the government as second lieutenants in the Organized Reserves. The rise in rank may continue from there, depending upon the amount of time and interest the men may have to place upon their military work.

# HONORS

# SCHOLASTIC HONORS

UNIVERSITY TABLET

EACH year the University of Illinois rewards the members of the graduating class, who, during their junior and senior years have sustained excellence in scholarship, by casting their names on a bronze tablet which is placed in the Administration Building.

THE SKULL
AND CRESCENT CUP

Skull and Crescent fraternity awards a cup at the beginning of each semester to the national social fraternity that has made the highest scholastic average for the preceding semester. Alpha Kappa Lambda was awarded the cup for the fall semester, 1927.

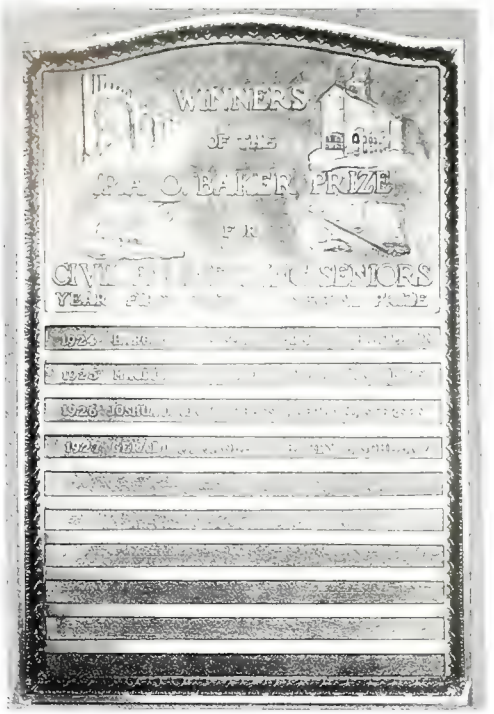

THE SACHEM TROPHY

The Sachem Sorority is awarded to the social fraternity having the greatest number of scholastic points which are compiled on the scholastic average basis and the greatest number of scholastic points as compared to the preceding semester. Phi Kappa Tau won the trophy for the fall semester of 1927.

# ENGINEERING HONORS

ONCE a year, to two seniors, who have maintained all-around excellence, Professor Ira O. Baker has endowed $75 and $25, for first and second place, respectively, and a bronze tablet on which their names are placed. In 1927, the prizes were won by Gerald M. Magee, first, and Harry E. Schlenz, second.

IRA O BAKER PRIZE

# ARCHITECTURAL HONORS

THE AMERICAN
INSTITUTE
OF ARCHITECTURE MEDAL

The American Institute of Architects offers each year a medal to the senior in the Department of Architecture whose development during the four years' course is the most consistent and best. The award is based upon scholarship in all the work during the course, the purpose being to prevent over-specialization in design. The medal was won by John J. Rowland in 1927.

THE
SCARAB MEDAL
IN ARCHITECTURE

Scarab, professional architectural fraternity, offers each year an award in the form of the Scarab Medal to the student in the College of Architecture who submits the best solution to a problem in architectural design. The medal was awarded to Walter B. Sanders in 1927.

# ARCHITECTURAL HONORS

THE FRANCIS J. PLYM FELLOWSHIP IN ARCHITECTURE

THROUGH the generosity of Mr. Francis J. Plym, of Niles, Michigan, a graduate of the University of Illinois of the class of 1897, the trustees have established a fellowship for the advanced study of architecture. The stipend attached to the fellowship is one thousand dollars. The winner is required to spend a year of study and travel in Europe. The fellowship is awarded annually by competition in architectural design. Won in 1927 by F. H. Naegele.

# MILITARY HONORS

THE HAZELTON PRIZE MEDAL

The Hazelton Prize Medal was provided by Captain W. C. Hazelton in 1890, to be awarded annually to the best drilled student enrolled in Military Science. The award is made for excellence in military appearance, erectness in carriage, neatness in dress, and for excellence in the execution of the school of the soldier, without arms and without numbers. The medal was awarded in 1927 to Wallace Wickman.

THE UNIVERSITY GOLD MEDAL

The University Gold Medal is awarded annually by the Board of Trustees of the University. The medal is awarded for military excellence shown in the annual competitive drill. The applicant for the medal must have a required standard of scholarship both in Military Science and in his other school work, and he must show a thorough knowledge of the other details as in the requirements for the Hazelton Medal. Robert Z. Hickman won the medal in 1927.

THE campus, we believe, can never become over organized. Each year as the number of organizations, social, honorary or professional, increases, we hear voices lifted against the expanse of organizations whose sole function is the "awarding of a key as the only fruit of membership." Perhaps the acquisition of a fine set of keys is itself an achievement. But only because a group of serious minded individuals seeks mutual benefit through meeting as a group is the form of a society adopted. Whether the thing be "to advance the art of radio communication" or "to promote a spirit of brotherhood," there is a common purpose and common achievement. The only extra-curricular activity of many is membership in campus societies. This we believe to be enough. For convenience of the fair sex we include fraternities.

**Illinois Watches**

# THE THIRD GENERATION

¶ On the eve of the commencement exercises of the University of Illinois class of 1872 the first Illinois watches were produced. Therefore, two of today's dominant institutions, one of learning and the other a unit of industry, introduced their finished products to the world. ¶ The same forces—vision of its leaders, loyalty of its members, hard work and integrity of purpose, which brought the University of Illinois from a small college on the prairies to one of the greatest institutions of learning, have brought The Illinois Watch from a modest beginning to one of the better known manufacturers of high grade timepieces. ¶ In the past fifty-six years over five million Illinois watches have been produced. They have been the constant companions of many Illinois students during the four, never to be forgotten, years of college life. To such students they are more than a watch; they are an integral part of their lives with which many fond memories are associated.

# *The Land-Looker*

ACROSS prairies and through timber land, where lights in new homes twinkled at dusk, trudged the land-looker of pioneer days.

Back of him, in temporary quarters at a frontier settlement, was his family; ahead of him lay his opportunity to get a home.

No soldier under Caesar, no "doughboy" under Pershing, ever marched with a heavier burden.

A long rifle, an axe, an auger, a window sash with panes in place and a huge knapsack, crammed with clothing and provisions—those were among the accoutrements of the land-looker as he pressed on into the wilderness.

He sought good plow land. Finding it, he located his quarter-section, built his pre-emption shanty, and lived in it the three days necessary to establish his claim. Then, back more than a hundred miles to the frontier village and his family.

Soon his emigrant wagon was on the westward trail—an ox-drawn wagon, making six miles a day. Boys trudged behind, driving milch cows and pigs. Mother sat in the front seat lulling the baby to sleep. Father strode beside the oxen, with long whip in hand, and long rifle in convenient grasp. Stored back in the wagon, were the household goods—home-made furniture, home-made bedding, home-made clothing, spinning wheels, loom and crockery. In a coop, fastened to the rear, were a half-dozen chickens. And, swung up tightly to one side of the wagon, was that symbol of civilization, chief reliance of the pioneer farmer—a John Deere plow.

Days and days of slow travel, and then . . . a new home-light beamed the message of achievement across the prairie at dusk; another family was established, ready with the John Deere plow to win a prosperous farm from the wilderness.

* * *

Thus, long ago, in the hearts of pioneers to whom a good plow meant everything, the seeds of good will for John Deere were planted—good will that extends today to John Deere equipment for practically every farming operation.

# *The* COVER *of the* ILLIO *is*

# *Smithcrafted*

THE most unusual covers on annuals this year were furnished by the S. K. SMITH COMPANY. The cover of the Beaver of Oregon, the cover of the Tyee of Washington, the cover of the Cornhusker of Nebraska, the cover of the Gopher of Minnesota, the cover of the Illio, the cover of the Makio of Ohio State, and there are hundreds of others too numerous to mention that are examples of the workmanship of this organization.

Every S. K. SMITH cover is specially designed for the book on which it is to appear. Every S. K. SMITH cover is as deeply embossed as the cover on this annual. Every S. K. SMITH cover is made of a high grade of material.

Send us your cover problems and we shall be glad to suggest a solution to them with no obligation on your part.

## No more "one-cylinder" bathrooms!

That bathroom! Look at it as your guests do. Have you faucets that tax one's strength to turn on and off? Tub and lavatory whose slow drawing, slow draining water invites anything but freedom of indulgence? Do your guests find an antiquated, "one-cylinder" bathroom—in an otherwise charming house?

With Mueller faucets, fixtures and fittings almost any bathroom can be turned into a veritable model of beauty and convenience. And at a cost that is surprisingly low! If your bathroom isn't all you could ask, get in touch with your merchant plumber. Let him give you an estimate on **Muellerizing** it

Bear in mind that Mueller service includes vitreous ware as well as faucets and fittings for every outlet all through the building—whether residential or otherwise.

## A National Organization

*To Improve and Extend the Uses of Concrete*

This phrase states in formal language the purpose of the Portland Cement Association. Organized in 1902, by a group of manufacturers, it completes in 1927 a quarter-century of existence.

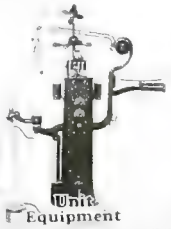

The General Headquarters, pictured below, houses the executive offices and research laboratories and exemplifies many interesting uses of concrete. You are cordially invited to inspect it, and to utilize the national service of this organization.

EQUIPMENT THAT PLEASES

*Both Dentist and Client*

American Dental Cabinets have character built into them. This means much more than the mere outside appearance; it means sturdy construction; efficient designs that leave nothing to be desired; and features that are ahead of the times.

Over 75% of all dental cabinets now in use are American Dental Cabinets, which is a real recommendation.

Our goods can be purchased from the dealer in combination with chair, engine, unit, and in fact a complete outfit, on one contract on easy monthly payments.

We will demonstrate our line in your city before you graduate and hope to see every member of the senior class.

## Stay at team headquarters

Hotels Windermere have repeatedly enjoyed the patronage of out-of-town athletic teams—as it has always had the privilege of serving university people.

The tenned atmosphere the famous cuisine—the high standards of Windermere service appeal particularly to the good taste of such guests. When the Fighting Illini come to Chicago to play, why not make your residence near them? Why not stay at the rendezvous of your college friends? In no other way can you enjoy such advantages as Hotels Windermere have to offer you.

# *The World's Largest Hotel*

*Great achievements in engineering are brought about by the harmonious work of many. The individual's largest opportunity comes through the exercise of his own creative talents in the field for which he is preëminently prepared.*

THE larger a hotel, the larger loom the difficulties of ventilating it; of handling the crowds that ride its elevators. The larger, too, looms the interest of engineers in designing electrical equipment to meet such unprecedented demands, of salesmen in selling it, of service engineers in installing it and keeping it in top-notch operating condition.

To Westinghouse came the Hotel Stevens for ventilating motors, for its elevator system, for the electrical equipment of its laundry. To Westinghouse come many undertakings of such kind and size—a steady stream of imagination-stirring opportunities to do the never-before-accomplished. All of tremendous interest to college men who have ambition, resourcefulness, capacity; disciplined sales and engineering minds.

The Hotel Stevens contains [illegible] rooms and baths. The Variable [illegible]tage Control System used in the elevators was designed by Westinghouse. [illegible]nether you rise ten floors or only one, there are no jerks or jars. Speed is the same whether the car is empty or whether it's packed. Cars automatically stop level wit[illegible]loor—no "jockey-i[illegible]" no "step up," or "step down, please."

## "THE STORE OF AN ENTIRE STATE"

It was fitting and proper that Block & Kuhl Co. should sound the keynote for 1928 . . . "The Store of an Entire State!" This store has now entered the chain department ranks, exceeding far, the dream of progress of two boys, who worked from April until October, just 48 years ago, building the source from which this mighty stream of business flows.

And the store opened . . . on October 12, 1879. Nearly a half-century rolled away. And the eyes of Peorians have watched, with pride, the growth of this small 20-ft. store, into the mighty organization of today. . . .

CHAMPAIGN CHICAGO MADISON

# The American Gas Association

## *What it is—What it is doing for American Industry—*

The object of the American Gas Association is to promote more and better ways of utilizing gas;

—to assist the industries of America (and the public as a whole) in deriving to the fullest the numerous advantages inherent in gas;

—to advance to the highest efficiency, methods of gas manufacture, distribution and utilization;

—to collect and disseminate information on these subjects.

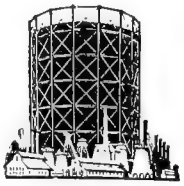

The American Gas Association was organized in 1918—and consolidated with the American Gas Institute, and the National Commercial Gas Association.

The membership includes 551 Gas Companies, 21 Holding Companies, 428 Manufacturers of gas burning appliances, and 3,444 Individual memberships. Its activities and interests extend to every state in the Union.

The sales of gas for the year 1926, officially reported to the American Gas Association, amounted to 38 billion cubic feet more than the amount sold in 1925. This is twice the increase in 1925 over 1924—making a total increase of 40% in the last five years.

This phenomenal increase in the use of gas is largely due to the growing demands from industrial customers. The American Gas Association has recently appropriated half a million dollars for research work and development of the industrial gas heating business.

Write to the American Gas Association for information on what gas is doing for others in your line of business.

## *What You Should Know Before Investing in Dental Equipment*

HARVARD

***The Dental Equipment that has set a standard***

THE dental equipment of forty years ago was very crude and imperfect. At that time Mr. F. E. Case, founder of The Harvard Company, seeing an inviting opportunity for his inventive skill, applied his best efforts to the construction of a dental chair along new and original lines. The many new and desirable features possessed by the first Harvard chair set a standard that other manufacturers had to conform to. Since that time The Harvard Company has been a recognized leader in the dental equipment field. Not only has The Harvard Company set a standard in design, but it has set a standard for quality that other manufacturers have never been able to meet at the price of Harvard Equipment. The dentist who is given the unrestricted privilege to carefully compare the design, efficiency, quality, beauty and price of Harvard Equipment with that of any other make will quickly understand why it is the choice of so many leading members of the Profession. So, before investing in dental equipment, COMPARE Harvard Equipment with that of other makes and use your own judgment.

# ILLINI ACHIEVEMENT

THE passing years in Illini history have seen many great achievements of loyal men and women. Taking its place among them is the Illio of the class of 1929. It stands as a fitting tribute to the ingenuity and industry of those who built it.

Staff members will experience a great deal of satisfaction and pride in such successful culmination of their work. The Manz Corporation shares in this pride, as it has been our privilege to make the engravings for the Illio—and to print it.

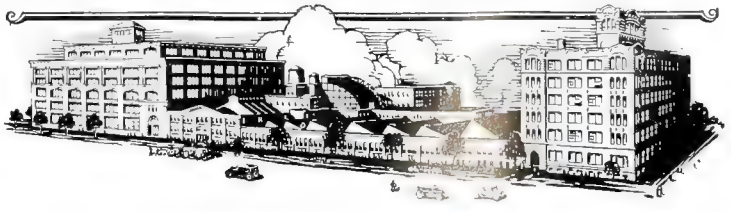

For sixty years Manz has developed—until today it is the largest complete printing establishment of its kind in the country. Here everything required for the complete printed job—from Idea to Finished Product—is produced under one roof.

For years we have been cooperating with student staffs and faculty advisors in the preparation of year books. They have found it profits them to take advantage of Manz creative service in the initial stages of the work.

**4001-4053 RAVENSWOOD AVENUE CHICAGO**

UP under the rafters where cobwebs used to embroider grandfather's trunk and the old horsehair sofa, there is now this beautiful bathroom. As the children were growing up it was only a dream. Today this extra bath is giving the family the comfort and convenience such a room always adds. Only a cottage bath, it is modest in cost; but mellow, tranquil, and lovely with its prevailing hue of soft green, its floor of russet cork tile, its varicolored rag rugs, its painted linen closet, and figured curtains of Aqua-Silk.... Before building or remodeling write for *New Ideas for Bathrooms*, illustrated in full color. Then consult a responsible plumbing contractor.
